Issue Text: Romans 11:36

For everything comes from him and exists by his power and is intended for his glory. All glory to him forever! Amen. (NLT)

READY, SET, LEARN

The new school year commenced on August 21st, 2023. As students, parents, and teachers entered the building, the excitement and anticipation of what lies ahead in the school year was thick it felt so tangible.

The first day assembly was an opportunity for the students to meet the new teachers and to become reacquainted with the returning ones. The teachers for the 2023-2024 school year are Ms. Isa (PreSchool/ PreK), Ms Julia (K), Mrs. Gotke (1st and 2nd), Mrs. Roanna Mangah(3rd), Mrs. Beth Kobliska (4th, 5th, and 6th), and Mrs. Heiser (currently holding the 7th and 8th grade). The teacher's aides are Ms. Maria (PreSchool/ PreK), Ms. Ingrid (K), Mrs. Tavares (1st and 2nd), Mrs. C (4th, 5th, and 6th), and Mrs. Rondinelli (7th and 8th).

Assembly finished, the students took their sense of wonder to their classrooms. They were ready to be engaged, challenged and were poised to embrace all the school year had to offer. As we welcome new educators and evolve to meet the needs of our students, it is certain that there are endless possibilities. Growth, discovery and a host of potential are waiting to unfold this year.

FIRST DAY THROUGH A STUDENT'S EYES

The first day of school was very thrilling for the students. There were plenty of new and returning faces. The students had their laughs and were excited. Parents were everywhere taking pictures of their children's first day of school. They said their good-byes and got their day started.

After all the students settled from their excitement, they introduced themselves and did activities. They all had fun and got along really well. Later, all the students and staff gathered in the gym to have a first day of school welcoming.

The students had a great day and were a little disappointed because they had to leave but they were excited and looking forward to returning the next day. Parents came to pick up their children, said good-bye to their teachers, and were getting ready for the next day.

AGRICULTURE SPOTLIGHT

Read what the students are saying about working in the greenhouse.

"I like watering the plants because it was fun." - **Kyila Fernandes (Pre K)**

"It was good." - **Heylla Cabral (Pre K)**

"I like the plants and the peppers." - **Theodore Marc (Pre K)**

"I saw the pepper. It's going to be humongous because we put water in it." - **Leonardo Robles (Pre K)**

"I felt excited and I liked it." - **Cleydianne Correia (3rd)**

"I felt scared to plant but now I enjoy it." - **Sarah Grave (3rd)**

"I was excited to plant, because it was my first time going into the greenhouse and I wondered what was in there." - **Aaron Roussel (3rd)**

"I felt good, wise, and smart. I like having lots and lots of plants. Our group is doing the experiments and we hope they work." - **Peter Steele and Rebecca Heiser (3rd)**
