## WHAT IS STRUCTURAL STEEL?

Regāle™ Pool Steel wall panels are made with premium 14 gauge G235 zinc coated galvanized steel. Steel, reinforced with concrete is the natural choice to provide the strength needed to withstand the tremendous pressure of water and earth.

A Regāle™ Steel Pool can be backfilled before it is filled with water to allow more choice of decking applications, or filled with water first. Either way our strong durable pools will give you straight walls or graceful curves for generations to come. Anywhere strength is needed, engineers turn to steel for buildings, bridges, automobiles, guard rails and thousands of other products.

We back up each pool with one of the best warranties in the business. Each Regāle™ Steel Pool comes with a one time Transferable Limited Lifetime Warranty. Further assurance that your new Regāle™ Steel Pool will give you generations of vacations in your own backyard.

\* PLEASE NOTE THAT YOUR REGĀLE™ POOL DEALER/POOL BUILDER IS AN INDEPENDENT CONTRACTOR AND NOT AN EMPLOYEE OF REGĀLE™ POOLS. REGĀLE™ POOLS DOES NOT ASSUME ANY RESPONSIBILITY FOR THE INSTALLATION OR SERVICE PERFORMED BY YOUR INDEPENDENT DEALER/BUILDER.
