

## THE SPIRIT OF GIVING

### MORNING STARS FC, OUTREACH

To officially kick off the festive season and the 2022 soccer World Cup, Kruger & Co. has donated 35 pairs of soccer boots to the future world cup soccer players of Morning Stars, Football Club hailing from the greater Khayelitsha and surrounding areas.

It was an honour to meet Mr. Mapane Sepelane, the manager and coach of Morning Stars FC.

The work he does through this club enriches young peoples' lives. We were very happy to hear that he has a strict policy that all his players must stay in school in order to play for his club, as Madiba once said:

*"Education is the great engine of personal development."*

We wish the coaches and players the best of luck in the upcoming season. We, Kruger & Co. are excited and proud to be honorary members of Morning Stars FC.

This donation was made to express our gratitude for the work the club does for the children in the community.
