JULY COMPANY NEWSLETTER

Hello everyone!

I hope you're all staying warm during this cold and wet winter season. We've been working tirelessly behind the scenes to secure our client's right to compensation, but today, there are a few important updates we'd like to share with you. Head on over.

Now for some exciting news!

We're thrilled to welcome attorney Mrs. Celeste Wolpe-Munitz to our Kruger & Co family.

With over 20 years of experience in High Court Litigation, Celeste specializes in Personal Injury Law, particularly Third Party Claims against entities like the Road Accident Fund, PRASA, COCT, Transnet, and more. She takes pride in representing clients from all walks of life and strives for fair outcomes.

ROAD ACCIDENT FUND (RAF) NEW DIRECTIVE

Firstly, the Road Accident Fund (RAF) has implemented a new, challenging process for claim lodgement. The requirements now include attaching various documents, such as a comprehensive accident report and hospital/medical records, before you can even lodge your claim directly with the RAF.

We understand that it can be nearly impossible for claimants to have all these documents readily available when filing for the first time. However, with Kruger & Co Attorneys' Pre-Lodge Department and our highly qualified paralegals, we can help you overcome these obstacles.

Our team conducts thorough investigations to ensure that your claim is properly lodged with the Road Accident Fund, even if you don't have all the necessary documents readily available. Don't let the new process discourage you - contact us today and let us handle your claim professionally and efficiently.

At Kruger & Co, we are committed to providing you with top-notch legal representation and protecting your rights. If you have any questions or need assistance, please don't hesitate to reach out to us. Your satisfaction is our priority.

Stay warm and take care!
