

Location

We called this project "**Princess Villas**" because of its location. The area is called the **Princess District** because it is dedicated to the ownership and the upper class in **Badr Al Jadida**. This area has special laws and regulations to keep it a green area dominated by nature. Regulations such as allowing only one villa per 2,000 square meters of land.

The site is considered an area with clean air surrounded by a clean atmosphere due to strict regulations. The land has two streets, one is a main road and the other is a service road.

It is **10 to 15 minutes** from **Amman Baccalaureate School** and **Al Mashreq School**.

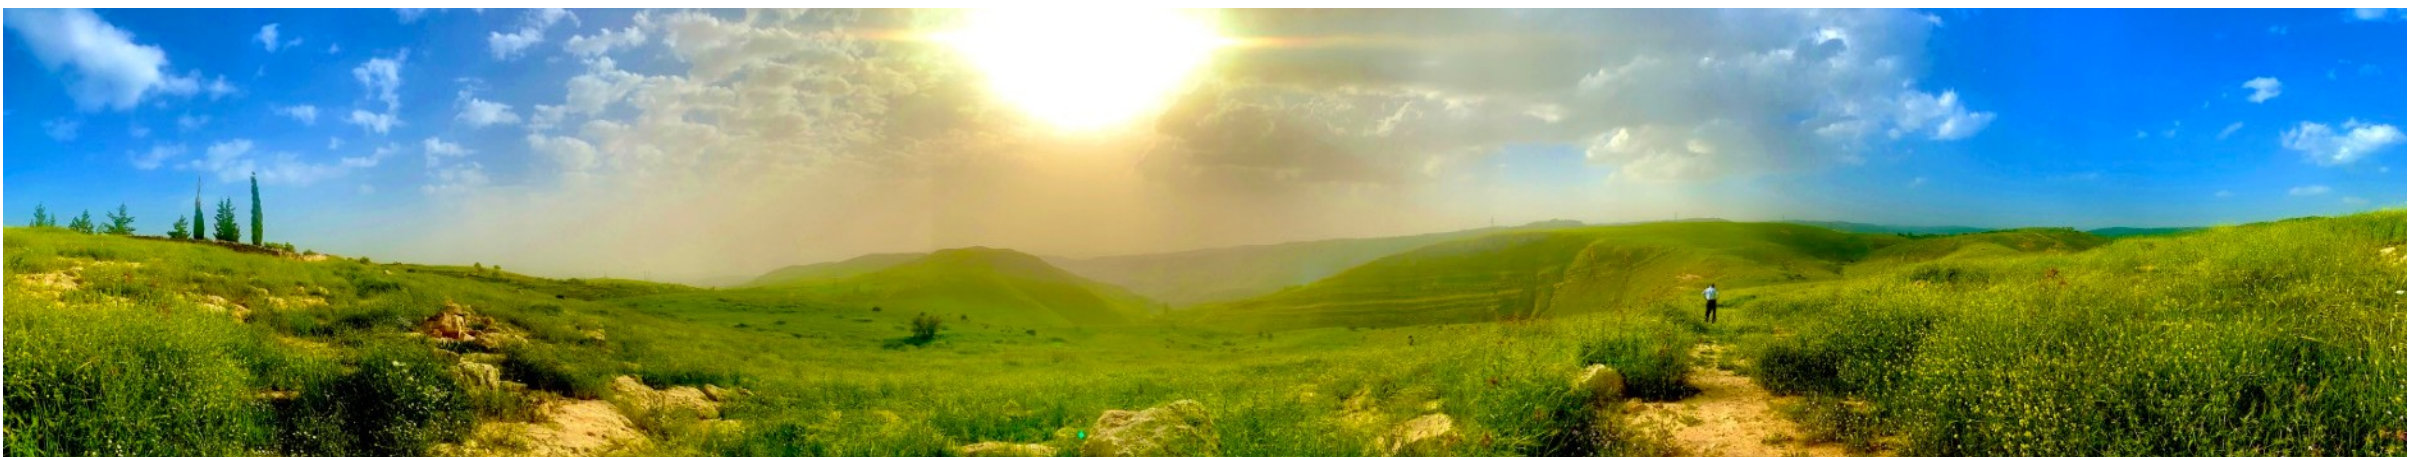

Magnificent Natural Mountain Views

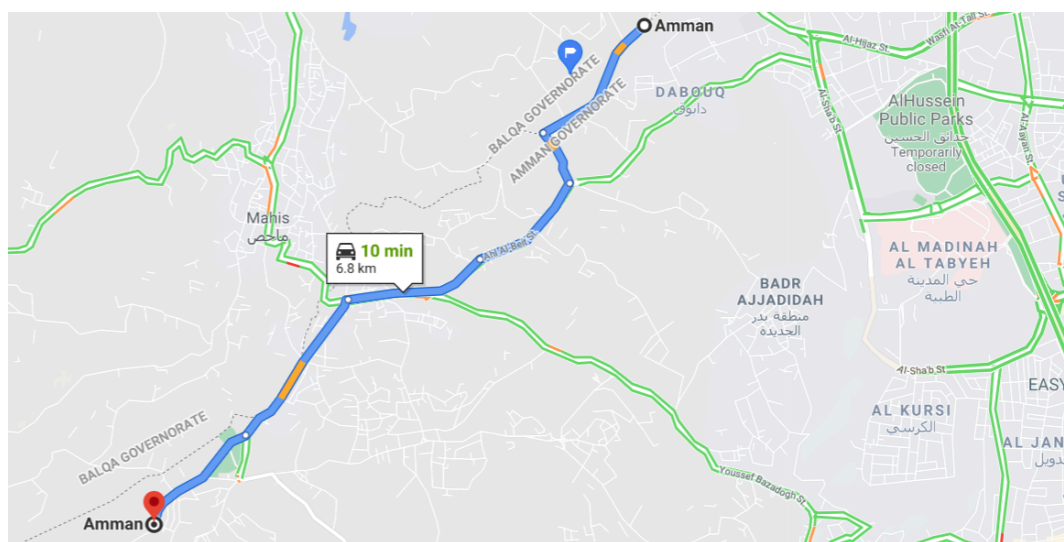

Breathtaking Sunset Views

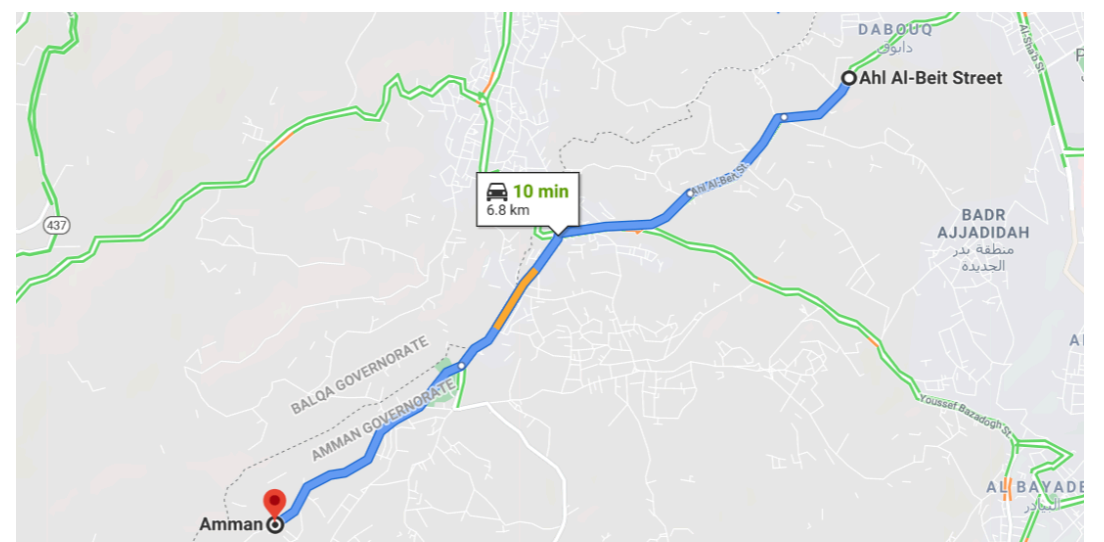

Beautiful Panoramic Natural Green Mountains Views
