

## **Ministry Options - There's Room For Everyone To Serve**

### **Children's Ministry**

Minister to children through leading kids' clubs, Vacation Bible School, puppet shows, crafts, Bible stories, sports, skits, and games.

### **Service Projects**

Live out the gospel through your work on various projects from painting, roofing, cement work, tiling, or whatever projects are needed in the community.

### **Church Ministry**

Worship alongside a local church and participate by providing special music, sermons, testimonies, or help lead Sunday School.

### **Sports Ministry**

Use sports such as soccer, basketball, Frisbee, volleyball, or any large-group game as a platform for building relationships and sharing the gospel.

### **Prayer Ministry**

Bless communities through times of intercessory prayers during prayer walks or pray with local churches at a prayer meeting.

### **School Ministry**

During the school year your team could minister at local schools by leading devotions, tutoring students, observing classes, or participating in recess.

### **Mercy Ministry**

Be the hands and feet of Christ as you visit and minister to those that others may have forgotten in orphanages, hospitals, prisons, senior centers, and shut-ins.

### **Evangelism**

Assist the local church in outreach by handing out Bibles, street evangelism, door-to-door visits, or sharing the gospel through DVD.

### **Youth Ministry**

Connect directly with youth in the community by leading a youth rally, fellowship night, or worship.

### **Adult Ministry**

Lead parenting classes, Bible studies, or leadership training. One of our Belizean pastors shared that when you minister to adults, you are ministering to entire families and communities.

### **Medical Ministry**

If your group has specialized medical or dental training, your skills can be of great help in many of our ministry locations. (Note: Due to government regulations, medical ministry is not available everywhere.)

### **Other**

Have a unique ministry that God has blessed you and your team to be able to lead? Let us know, and we will incorporate it into your customized trip.
