Dear MP [name],

Re: COVID19 Vaccine Passports

I write to you, in your capacity as my local Member of Parliament and representative to the UK Government, in order to formally request and implore you to oppose the introduction of vaccine passports and any other form of coercion to accept vaccination against one's beliefs and wishes, and oppose discrimination against people who elect not to be vaccinated.

I am extremely concerned for the future health and freedom of both myself and the citizens of this country in general, in view of the current Government plan to introduce and encourage the use of vaccine passports in the UK. This plan is completely unjustified by the relevant vaccine performance and disease data and clearly constitutes government-mandated coercion to accept medical treatment which is in breach of UK Law and international human rights treaties, in particular, the Public Health (Control of Disease) Act 1984, paragraph 45E Medical treatment states that, in relation to health regulations set out in paragraphs 45B & 45C:

1. Regulations under section 45B or 45C may not include provision requiring a person to undergo medical treatment.
2. " Medical treatment " includes vaccination and other prophylactic treatment.

UK Law:

- Public Health (Control of Disease) Act (1984)

As further details of the mishandling of the pandemic continues to come out and the general public feels significant disruption in their daily lives, how do you think your constituents will vote in the next election?

Do you want to be remembered for creating a new type of dystopian discrimination and control system which deny citizens their fundamental human rights in the most un-British way imaginable and which our own ancestors fought to prevent?

If you choose to vote for the vaccine passport, we will continue to campaign against you to ensure your constituents are made fully aware of your actions in this regard.

Your constituents have also expressed that they would like you to join the growing "Big Brother Watch" cross party campaign where a growing number of MP's (currently 82) are voting against the proposed covid passes.

Big Brother Watch

<https://bigbrotherwatch.org.uk/campaigns/stopvaccinepassports/#crosspartycampaign>

Please find attached the signatures of constituents in support of the above.

I look forward to your considered reply and sincerely hope, for the sake of our unity and our children, that you will do everything in your power to ensure that the Government immediately abandons the current and proposed draconian policies on vaccine passports and ensure that Britain continues to be a bastion of freedom and democracy.

Yours sincerely,
