

TRUTH BE TOLD

GIVING A VOICE TO THE INJURED AND BEREAVED

'WE ARE A GROUP OF VACCINATED AND UNVACCINATED INDIVIDUALS, UNITED IN OUR MISSION AND IN SERVICE TO HUMANITY.'

COVID 'vaccines' are not safe and effective; the damage done is unprecedented and catastrophic, so we call for these 'vaccines' to be stopped entirely, with mRNA technology never to be used again in humans, in any medical intervention or procedure.

We believe the UK and global governments have knowingly lied to their people and citizens of the world have been sacrificed on the alter of unfettered corporate greed.

The mainstream media are complicit in organised censorship and suppression of the truth and have consistently declined, despite public demand, to have open scientific debate. There are documented conflicts of interests with the BBC, other MSM and Big Pharma, that have resulted in them failing in their moral obligation to be unbiased, accurate and impartial.

We believe our government is guilty of crimes against humanity and MSM is complicit and should, as a result, be held to account.

TRUTH BE TOLD

GIVING A VOICE TO THE INJURED AND BEREAVED

'WE ARE A GROUP OF VACCINATED AND UNVACCINATED INDIVIDUALS, UNITED IN OUR MISSION AND IN SERVICE TO HUMANITY.'

Children have suffered as a result of the rollout of the COVID 'vaccines' too. Our elderly and vulnerable are still being vaccinated and we believe we need to protect our children and elderly, calling for all COVID 'vaccines' to be stopped.

Should the COVID 'vaccines' be 'paused for further testing' (testing which should be carried out independently) we believe, based on the science and data already available, that they would be removed from the market entirely.

And finally, our vaccine injured and bereaved deserve acknowledgement from the government, a sufficient vaccine damage payment scheme, a functional reporting system, a healthcare system that actually helps them, rather than gaslighting them, failing them, and neglecting to care for them.

WE SEEK TRUTH, WE SEEK JUSTICE AND WE WON'T STOP UNTIL WE HAVE BOTH.
