× Explore the fields of cybersecurity and IT
× Learn through interactive games and hands-on activities
× Explore your community’s own cybersecurity needs
× Develop the skills to prepare you for college and a career in the cybersecurity and IT fields

TOPICS INCLUDE:
× Cybersecurity Intro & Impact
× Cryptography & Cracking Encryption
× Cesar and Viginere Cyphers
× Digital Citizenship

Necessary materials and equipment will be provided

ABOUT THE PROGRAM
CompuGirls Cyber Warriors provides fun summer, afterschool and yearlong programs where participants learn the latest technologies in digital media, cybersecurity, and coding. The curriculum is designed to create connections that support lifelong skill development in an empowering, creative, and fun environment.
