

**Two-Step Verification
Setup Guide
For
Android**

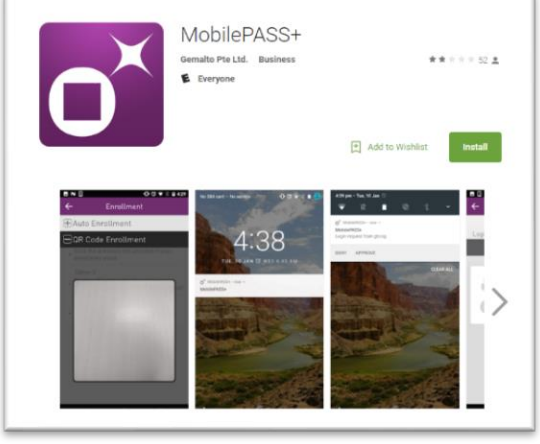

PLEASE READ CAREFULLY:

Step 1: MobilePASS+ Installation

Step 2: MobilePASS+ Token Enrollment

Step 3: Using the Two-Step Verification – User Guide

Step 1: MobilePASS+ Installation

	<p>1. Open the Google Play Store on your Smartphone</p> <p>Search for MobilePASS</p> <p>Tap on the purple MobilePASS+ icon</p> <p>Tap Install to Install the App</p>
	<p>2. The MobilePASS+ icon will appear on your device.</p>
<p>CONGRATULATIONS! Your MobilePASS+ application installation is now complete.</p> <p>You are now ready to proceed to STEP 2: MobilePASS+ token enrollment (see page 3).</p>	

Step 2: MobilePASS+ Token Enrollment

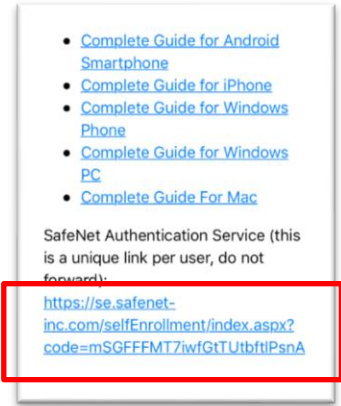

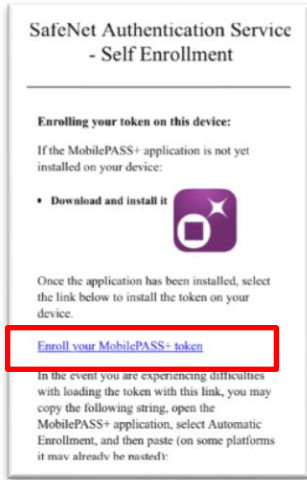

You can enroll your SafeNet MobilePASS+ token using one of the following methods:

Method 1: Automatic Enrollment – This is recommended when access to the self-enrollment email is available on the smartphone. Automatically copy and paste the activation code into the Auto Enrollment window by clicking the Enroll your SafeNet MobilePASS+ token link.

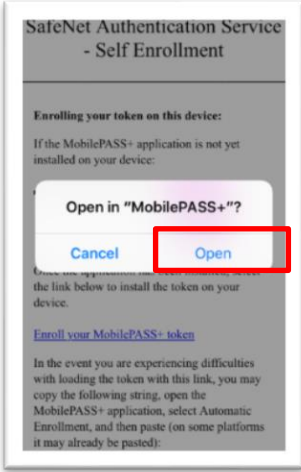

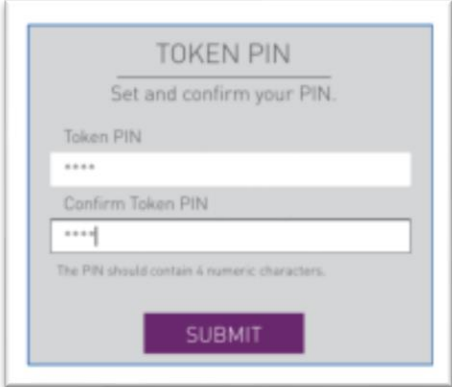

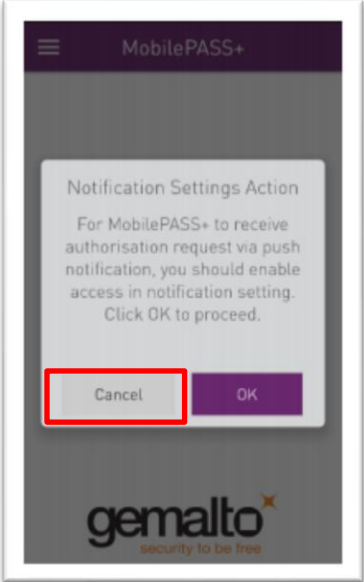

Method 2: QR Code Enrollment - This is recommended when you cannot receive email or open the self-enrollment from your smartphone. Scan a QR Code to enroll your SafeNet MobilePASS+ token.

Method 3: Copy and Paste Activation String into the Automatic Enrollment Window - This is recommended when you have difficulties with Automatic Enrollment. For example, if the registration link in the device does not work or the browser in use does not support opening an external application.

Method 1 – Automatic Enrollment

 <p> <ul style="list-style-type: none"> • Complete Guide for Android Smartphone • Complete Guide for iPhone • Complete Guide for Windows Phone • Complete Guide for Windows PC • Complete Guide For Mac <p>SafeNet Authentication Service (this is a unique link per user, do not forward):</p> <p>https://se.safenet-inc.com/selfEnrollment/index.aspx?code=mSGFFFMT7iwfGtUtbftlPsnA</p> </p>	<p>1. On your smartphone</p> <p>Tap on the email you received from SafeNet Authentication Server</p> <p>Tap the https:// link under SafeNet Authentication Service</p>
 <p>SafeNet Authentication Service - Self Enrollment</p> <p>Enrolling your token on this device:</p> <p>If the MobilePASS+ application is not yet installed on your device:</p> <ul style="list-style-type: none"> • Download and install it <p>Once the application has been installed, select the link below to install the token on your device.</p> <p>Enroll your MobilePASS+ token</p> <p>In the event you are experiencing difficulties with loading the token with this link, you may copy the following string, open the MobilePASS+ application, select Automatic Enrollment, and then paste (on some platforms it may already be nested):</p>	<p>2. The internet browser will display the self-enrollment.</p> <p>Tap Enroll your MobilePASS+ token link</p>

Two-Step Verification – Setup Guide for Android

	<p>3. Tap Open</p>
	<p>4. Set a Token PIN</p> <p>Enter a 4 digit PIN</p> <p>Confirm 4 digit PIN</p> <p>Tap SUBMIT</p> <p>***Note** Keep your PIN in a safe place. You will need the PIN everytime you use MobilePASS+.</p>
	<p>5. Disable Push Notification</p> <p>If prompted, to enable the Push Notification feature, in the Notification Settings Action</p> <p>Tap Cancel</p>

Two-Step Verification – Setup Guide for Android

	<p>6. Create New Token</p> <p>Enter a Token Name of more than four characters (suggest to use Jacobs)</p> <p>Tap OK</p>
<p>CONGRATULATIONS! Your SafeNet Authentication Service token enrollment is now complete.</p> <p>You are now ready to proceed to STEP 3 (see page 12) and download the appropriate User Guide.</p>	

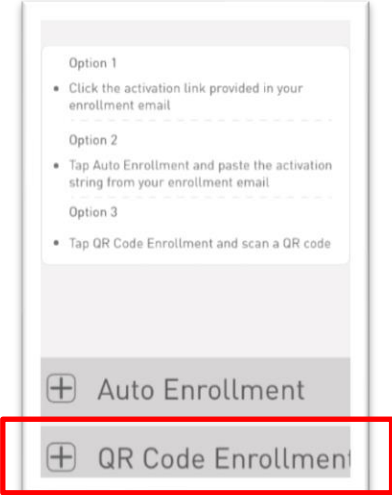

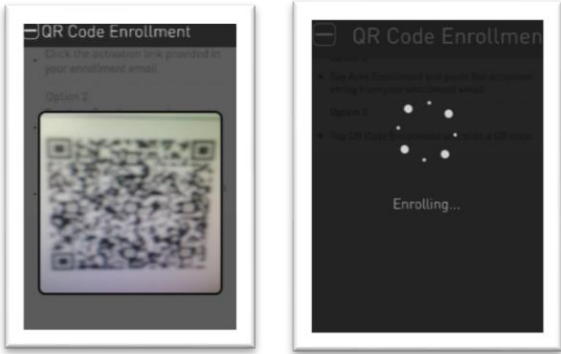

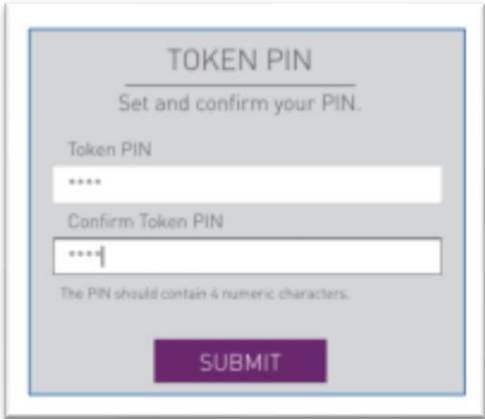

Method 2 – QR Code Enrollment

	<p>1. On your computer (e.g. Windows PC, Windows Surface or Mac) where you can access the self-enrollment email you received from SafeNet Authentication Server</p> <p>Click on the email</p> <p>Click the https:// link under SafeNet Authentication Service</p>
