Sports

Product Advantage - Die-casting Aluminium Cabinet

- 1. Super Slim: Thickness within 7.5cm
- 2. Super Light: Within 6KG/pcs
- 3. Flight Socket: Fast installation, stable, security.
- 4. Fast Installation: Lock design, install without tools.
- 5. Splicing: Cabinet tolerance is 0.01mm cabinet splicing. Whole screen flatness and seam is less than 0.05mm.
- 6. High Precision.
- 7. Blanking & Easy installation.
- 8. Multiple Installation Modes: Standing, hanging, fixed on wall, mobile type.
- 9. Good Heat Dissipation.
- 10. Front Service Product: Very easy to do the screen maintenance from the front side, no need to leave maintenance access between screen and the wall.

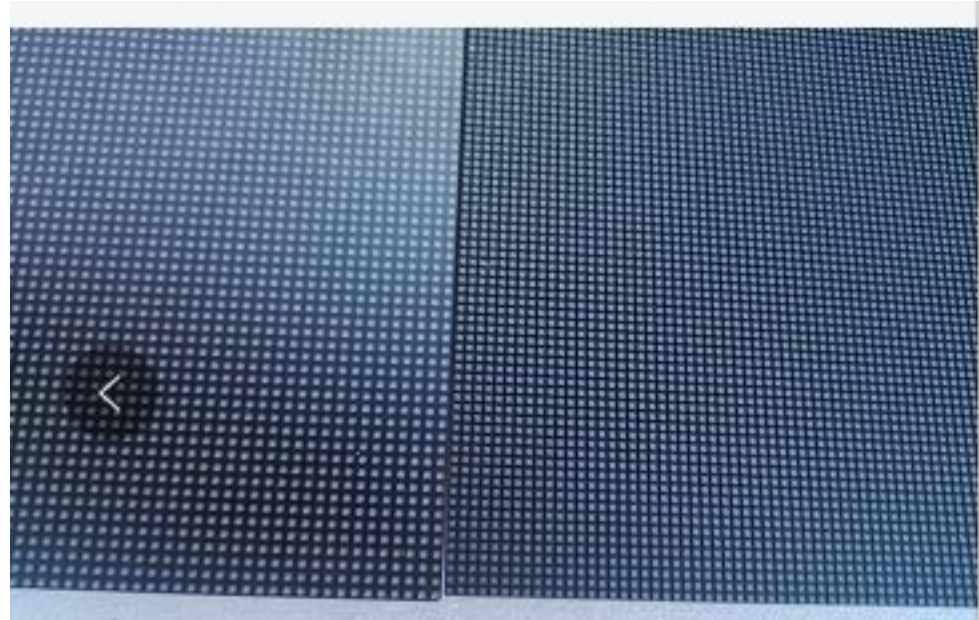

High Refresh Rate & High Grey Scale

- 1. Small Density / High Resolution.
- 2. High Refresh Rate.
- 3. High grey-scale. The picture looks more delicate, clearer and brighter
- 4. Use High Quality black LED chips with black mask to increase the contrast

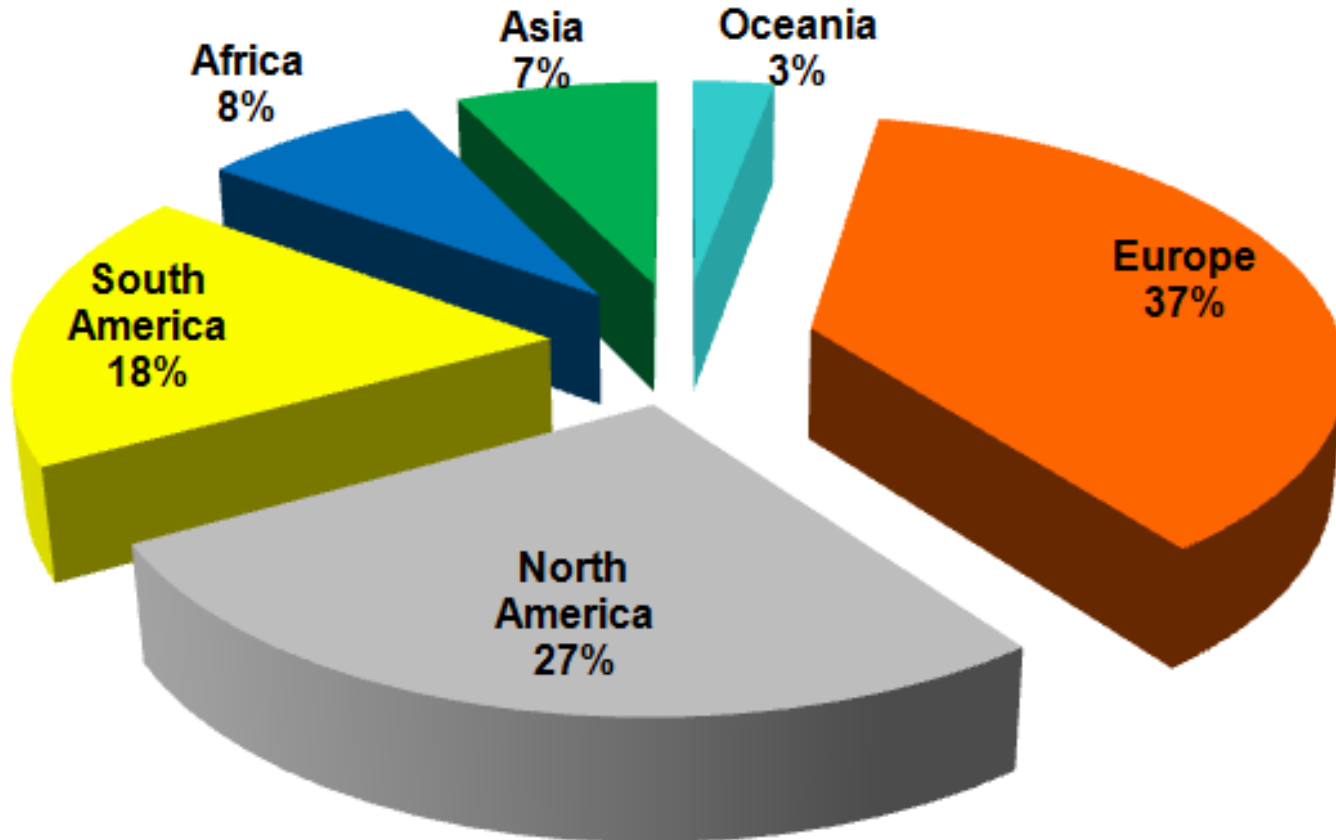

Coating Technology

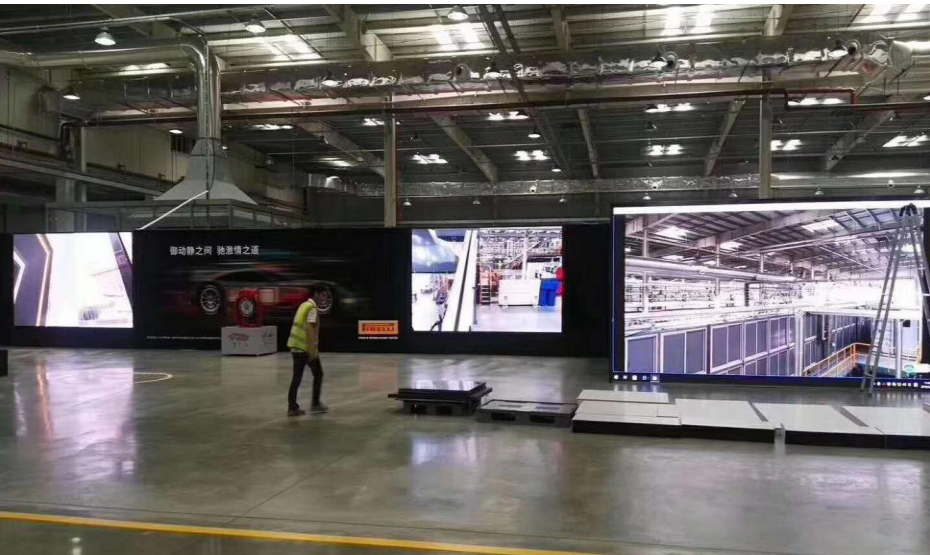

Features: waterproof, dustproof and protection against minor impact.
