

Silex Eye-Clarity HDC90

HD webcam with built-in microphone

Silex Eye-Clarity HDC90 is a professional HD webcam with an embedded stereo microphone and low light tolerance. It is designed as a personal use webcam providing high quality video and audio, even in challenging environment setups. With its noise reduction feature, the sound clarity pick up is crystal clear even in noisy environments. The images captured by the camera are crisp and clear even in low light conditions. This compact webcam is easy to install and operate with any videoconferencing software or streaming and recording application.
