- Voice dialling
- Compatible with PCs, tablets, smartphones, gaming consoles...
- Can pair with two devices at the same time; enjoy crystal clear music, without missing a call.
- Magnetic coupling charging base

Working in noisy environments can get quite challenging when it comes to remote communication. Focusing during business calls from home in the presence of family members, in open spaces or while driving, can be difficult. The surrounding noise can disturb both the local and remote participants. In addition, headsets are not always comfortable when used for long hours.

The Silex Clarity M97 Bluetooth Headset provides a crystal clear audio experience. With an adjustable and flexible unidirectional noise cancelling microphone, it picks up the conversation without noise interference.

The Silex Clarity M97 only weighs 51 grams! With a flexible and ergonomic headband and a soft ear cushion, professionals who work with headsets for long hours remain comfortable throughout the day.

Features

Crystal clear audio and Noise Cancellation:

The Silex Clarity M97 Bluetooth headset provides a truly outstanding, natural and rich audio experience. The flexible boom microphone includes advanced Clear Voice Capture 6.0 noise cancelling technology. With a 3D Cardioid Microphone pickup pattern, the microphone captures the sound from the talker's side and blocks the sound and noise from the other sides, thus ensuring crystal-clear conversations.

17 hours of ongoing discussions:

It takes only 2 hours to recharge your Silex Clarity M97 headset, in order to enjoy 17 hours talking time at 50% volume level, or 200 hours standby. More than enough battery power for a whole day's productivity!

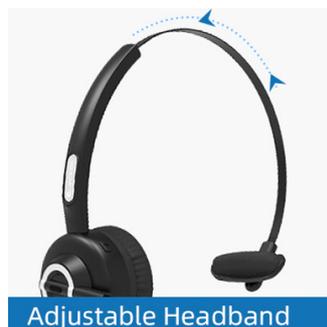

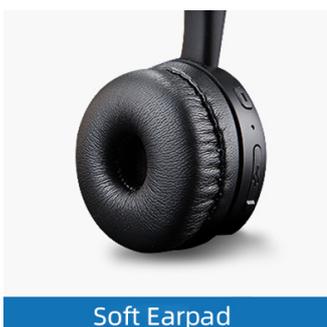

Dual connection:

Silex Clarity M97 Bluetooth headset can connect to two Bluetooth devices simultaneously, allowing the user to shift from one device to another, using the multipurpose button embedded in the headset. Enjoy crystal-clear music, without missing a call.

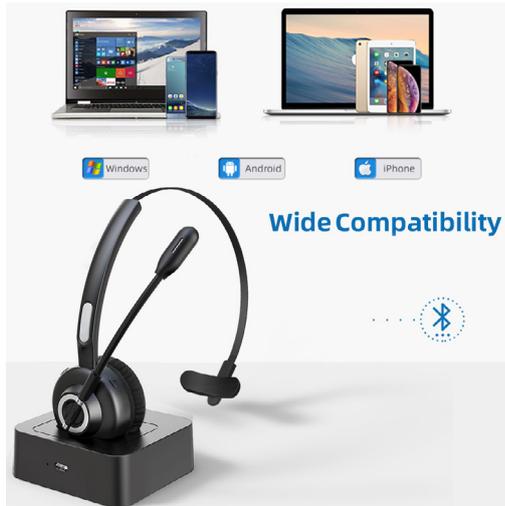

All day comfort:

The Silex Clarity M97 is sleek, light. Weighing only 51 grams, with a flexible headband and a soft breathable ear pad, it is very comfortable to wear for long hours. With its 300° rotatable and flexible microphone arm, users have the freedom to wear the headset on the left or on the right ear.

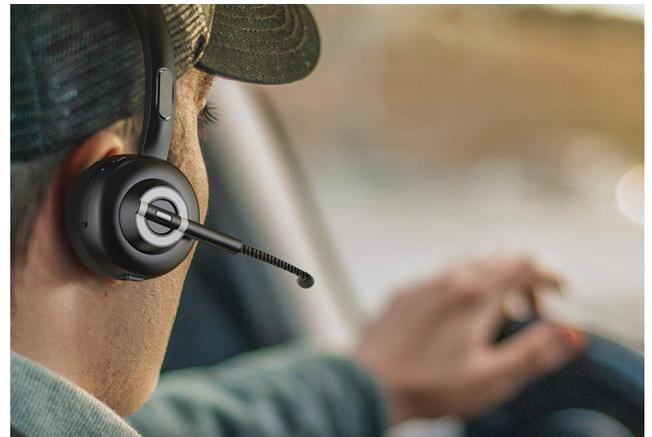

Device compatibility and ease of use:

The Silex Clarity M97 can be paired with PCs, Tablets, Smartphones, gaming consoles and other communication and other communication devices. Practical functions can be performed from the multipurpose button embedded in the headset: the volume can be adjusted, calls can be controlled (answer/hang up/reject/redial) and voice dialling can be used to place calls.

Freedom of movement:

Silex Clarity M97 operates within a 10m range from the Bluetooth paired device. Users can therefore move freely during conversations and drive hands free.

Magnetic coupling charging base:

When not in use, the headset can be placed on a small stand base that serves as an elegant charging base. This minimizes the risk of losing the headset or damaging it by placing it randomly on the desk, while charging the device.

Specifications
