Dear Mr. Scott,

I wanted to take this time to personally thank you for your participation in our Town Hall, “Honoring Wayne County’s Veterans” on May 26. These are difficult times for all of us as we try to navigate uncharted territory in our efforts to best serve the people of Wayne County and provide them with the information they need to better understand the complexities of what we are dealing with.

While I am sure that it will be some time before we are able to fully grasp the entire scope of this historic experience that has upended all of our lives, the positive responses I have received to this event lets me know that we have at least been able to shed some helpful light on this situation. This would have never been possible without your contribution, and I want you to know how much I appreciate that.

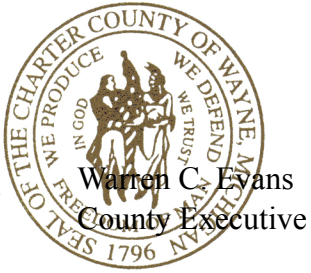

Take care, and stay safe.

Sincerely,
