Headline shows

1. Tribute to Ed Sheeran - 'Songs Behind the Songwriter'
2. 'Inspirations' - pop/rock show with 7 piece orchestra w/ charts

Skills

A strong vocalist and guitarist, confident on the mic, I have an extensive repertoire with fun and engaging performances. I'm able to go around the room and take requests and string them all into a medley, whilst reading the room. Most recently onboard Sun Princess, I was the main act for the candlelight concerts onboard an intimate and stripped back performance. Then for the biggest night of the year it was all go go for the New Years Eve party for the Sanctuary Club Guests!

Two headliner shows, 1. Ed Sheeran Tribute that features acoustic guitar and Live Looping, 2. my own pop/rock show with the seven piece orchestra complete with charts including Chuck Berry, Busted, Eric Clapton, Inspirations (available on YouTube).

With versatile acoustic and electric performances for any occasion, I am able to cater to a wide range of audiences. Princess Cruises have selected me for their flagship and newest cruise ships.
