## THE KART CHAMPIONSHIP

The Kart Championship is the most competitive kart series in the UK. With sold-out grids at every meeting, the Honda Cadet class is the most fiercely contested category. In 2024, any of four drivers could have won the championship going into the final race, with the title ultimately decided on the very last lap.

Format-  
6 rounds,  
Friday practice,  
Saturday qualifying & 2x heats  
Sunday 2x super heats & 1x final

Rye House is where it all began for Jenson, first competing there in the Bambino class (ages 6–8). The Rye House Championship is one of the most highly regarded club-level series in the UK, often attracting national-level drivers to compete in the Honda Cadet class. It's a thrilling championship that always delivers hard-fought, wheel-to-wheel racing — making it an incredible place for young talent to develop.

Format- 8 rounds, Saturday practice, Sunday - Qualifying, 2x heat races, 1x Final

### ***Lydd Kart Circuit***

Known as one of the fastest circuits in the UK, Lydd offers high-speed straights, flowing corners, and plenty of overtaking opportunities. The Lydd Championship attracts strong grids and always delivers exciting, hard-fought racing. Its unique layout makes it a real driver's track — a place where precision, bravery, and racecraft are all tested. For Jenson, Lydd provides the perfect challenge to push his limits and gain valuable experience against tough competition. Lydd often has a strong Winter Championship which is a great way of keeping sharp in the winter months ahead of the full season.

Summer Championship -Format- 8 rounds, Saturday practice, Sunday - Qualifying, 2x heat races, 1x Final

Winter Championship -Format- 8 rounds, Saturday practice, Sunday - Qualifying, 2x heat races, 1x Final

Just 10 miles from home, Bayford Meadows is Jenson's most local track — though one he doesn't visit as often as he should. It's also the home of Project One Racing, and in 2024 Jenson upgraded to a Project One chassis, immediately finding gains in lap time. With the Project One team based at Bayford, the BMKC championship consistently attracts a high level of competition. Factory drivers often use the series to prepare for national events, giving Jenson the perfect benchmark to measure himself against some of the best.

Format- 9 rounds, Saturday Practice, Sunday - Qualifying, 2x heat races, 1x Final
