

# LUNCH-N-LEARN SERIES

## Beyond the Data A Restorative Approach to Acknowledging the Impacts of Opioids

Recognize the emotional, social, and community impacts of opioid use, build empathy through lived experiences, and understand its broader ripple effects, including stigma and relational harm. With Hasaani Hylton, Founder and CEO of Humanity Investment Group

### Meet the Speaker

#### Hasaani Hylton, Founder and CEO of Humanity Investment Group

Hasaani Hylton is the Founder and CEO of Humanity Investment Group, a certified trainer, workshop facilitator, professional development coach, and Adjunct Professor at New York University. As a former Prevention Program Coordinator, she led Department of Behavioral Health-funded initiatives across Wards 3, 4, and 7, designing innovative community-based prevention programming and strengthening local partnerships. Her work centers on opioid education, trauma-informed prevention, and expanding access to Narcan. Through training, safe space dialogues, and community engagement, she advances culturally responsive strategies that address substance use and its root causes.
