PROFESSIONAL SUMMARY

I counsel adults and young people, including couples, families, and groups, utilizing such theories and techniques as CBT, ACT, Mindfulness-based Cognitive Therapy, Motivational Interviewing, and EMDR, with a specialty in working with artists, creatives and music professionals. I earned a Master's Degree in Community Counseling at Oklahoma State University in 2004 and have been licensed by the state of Oklahoma as a Professional Counselor since 2006. More recently I have also become licensed in the State of Maine. I am a certified Rolf® Structural Integration therapist since 1993 and have been cross-trained in multiple other healing modalities such as Reiki, Qi Gong, Tai Chi, Seiki Jutsu, and other "energy" healing methods. Currently I'm pursuing professional interests related to self-care in the context of creative professions, intuition, ritual and spiritual practice, emergence, cognition & behavior, personal responsibility, holism, and human potential.
