---

*F*ounded in 1918, American Needle evolved from sewing-needle importing to headwear manufacturing. Through three generations, the family business grew and developed into a leader in quality headwear. In 1946, American Needle supplied the first Major League Baseball team caps ever sold to fans in a ballpark - in Chicago's Wrigley Field. In the years to follow, the styles changed as rapidly as the times. An industry catalyst, American Needle stayed ahead of these changes by continually introducing dynamic new headwear ideas. Notwithstanding the quest for innovation, American Needle never compromised its long tradition of quality.

# 8<sup>50</sup> 5<sup>95</sup> Fielder's Glove with Your Choice of 23 MAJOR LEAGUER'S AUTOGRAPHS!

That's right! Now, for National Baseball Week, you can choose any of these twenty-three autographs for your local promotion. Just look at that line-up of famous names. One of them is bound to

be a local favorite. Better yet, look at the special price. It's yours for a leader...a one-time-buy that'll stretch a promotion single into home-run profits---April 22 through 29.

**Autographs included:**

- Ralph Branca (Brooklyn Dodgers)
- Pete Reiser (Boston Braves)
- Enos Slaughter (St. Louis Cardinals)
- Walter Masterson (Washington Senators)
- George Kell (Detroit Tigers)
- Curt Simmons (Philadelphia Phillies)
- Eddie Stanky (New York Giants)
- Tommy Holmes (Boston Braves)
- Vern Stevens (Boston Red Sox)
- Ralph Kiner (Pittsburgh Pirates)
- Harry Brecheen (St. Louis Cardinals)
- Stan Musial (St. Louis Cardinals)
- Eddie Joost (Philadelphia Athletics)
- Bob Rush (Chicago Cubs)
- Fee Wee Keene (Brooklyn Dodgers)
- Phil Rizzuto (New York Yankees)
- Andy Pafko (Chicago Cubs)
- Cass Michaels (Chicago White Sox)
- Luke Appling (Chicago White Sox)
- Al Dark (New York Giants)
- Low Boudreau (Cleveland Indians)
- Bob Feller (Cleveland Indians)
- Sid Gordon (Boston Braves)

**Glove Text:** HAND FORMED GREASE SET POCKET, J. Higgins, 150 YEARS, ROEBUCK AND CO., 1617

Your Choice of  
Twenty Five  
Patterns In  
This ....

## SPECIAL 69c BASEBALL CAP!

Look at this supporting traffic special. The same quality cap regularly sold in ball parks for \$1...priced at just 69¢! How's that for a leader? And that's just the beginning. You have a choice of 25 different patterns--colors and insignia of all major league teams\*and four of the Pacific Coast teams. Caps in five different color combinations with any 2-inch letter for minor league teams. And a straight blue cap with a baseball player insignia if you have no local ball club.

Check the merchandise offerings following. Order both the gloves and caps right away. Stock enough to carry through one full week of plus sales...

\*St. Louis Browns excluded

STYLE No. 550—ALL CELLULOID VISOR CAP

Band is made of 1-inch celluloid—with celluloid top straps. Shield and peak to match; all edges bound in material to harmonize; leatherette sweat band; elastic in back for adjustment to size.

Furnished in green, red and blue celluloid. Also white if desired.

STYLE No. 650—VISOR CAP

Head band made of  $\frac{5}{8}$ -inch imitation leather, with top straps of same material. Sweat band extending completely around head bands. Celluloid peak. Slide in back for adjustment to size.

Furnished in green, red, and blue celluloid. Also white if desired.

STYLE No. 750—VISOR CAP

Suitable for ladies and girls. Band made of 1-inch best quality imitation leather with top straps of same material. Extra large square peak with shield to match; light pastel shades; cork back leather sweat band; slide in back for adjustment to size.

Furnished in green, light blue, pink and red celluloid. Also white if desired.

STYLE No. 65—LADIES' SPORT CAP

An ideal cap for motoring and outdoor sports. Band made of mercerized braid, star design; top of cap white netting; re-enforced with gold or silver straps; elastic back for size adjustment; imitation leather sweat band; celluloid peak.

Furnished with green, light blue, pink and red celluloid peak. Also white if desired.

# Nassau Program

AN100 WASHED SLOUCH

AMERICAN  
EST. 1918  
NEEDLE INC.

AN100 WASHED SLOUCH

AN128V LIGHTWEIGHT

TKO

REFLECTOR

## Details

The Nassau Program is designed around the twelve most popular colors of American Needle's Washed Slouch 100% Cotton caps, embroidered with a club's logo. Like the Nassau wager, American Needle's Nassau Program is simple and easy to understand. It allows the club or pro to control risk by purchasing only what is needed over the course of a season, while at the same time taking advantage of American Needle's buying power to maintain reasonable prices.

**NOTE: ONLY 2 COLOR VERSIONS OF CLUB LOGO ARE ALLOWED.**

## How The Nassau Program Works

1. You choose from a selection of twelve colors of the AN100 Washed Slouch OR ten cap colors of the AN128V Lightweight (pictured above).

**You may not mix AN100 and Lightweights in one Nassau Program. You can however do two concurrent programs for each.**

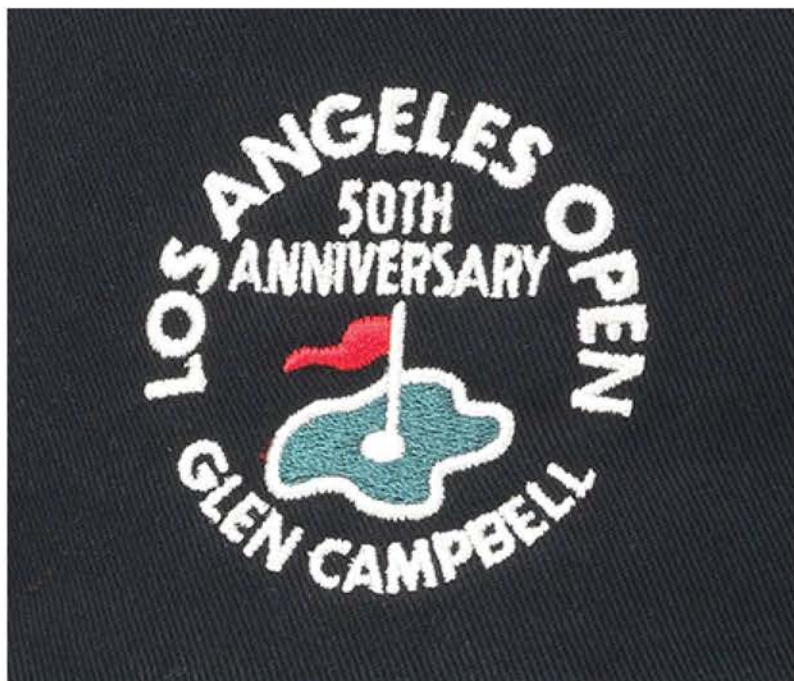

2. You place an initial minimum order of 144 caps. Your order can be made up of different colored caps, but must have a minimum of 36 caps per color ordered.
3. American Needle embroiders your logo on the front and assigns a unique product code to your Nassau Program caps to make reordering simple. Embroidery is limited to a single color scheme in accordance with club logo colors (Light/Dark embroidery change allowed).
4. American Needle monitors your purchasing and keeps a stock of your Nassau Program caps in our warehouse for quick delivery of reorders.
5. When you need to replenish your stock, you simply email, call, or fax your reorder, with a minimum of 12 caps per color, using your unique product code.
6. American Needle promptly ships your Nassau Program caps from our warehouse and bills you \$7.75 per cap (Washed Slouch, Lightweight) or \$9.00 per cap (TKO, Reflector), plus shipping.

# *Embroidery*

### *Lofted Embroidery*

This embroidery uses a specialized technique that results in three-dimensional decoration.

### *Flat Embroidery*

This classic hat application uses embroidery technique that uses a variety of decorative stitches. Providing a smooth and polished finish.

Orders of 36 units of USA embroidered caps or more allow for a single thread color change, to the embroidery to be seen on both light & dark caps. Please contact your sales rep if you have additional requirements.

### *Needlepoint*

Needlepoint Embroidery offers a cross-hatch texture to multi colored logos. This traditional method can now be applied to create a clean vintage inspired look on headwear.

\*\*\* Import Only \*\*\*

### *Lofted or Flat Chainstitch*

Chainstitch is a embroidery technique in which a series of looped stitches form a chain-like pattern. This application offers a vintage clean look on headwear. This application can be Lofted or Flat Chainstitch.

# NUBROIDERY™

U.S. & INTERNATIONAL PATENTS PENDING

## WHAT IS NUBROIDERY™

NuBroidery™ is the newest American Needle embroidery technology that uses precise detail with rich materials to create a truly unique logo application. NuBroidery™ also utilizes Countersink™ Technology to fuse a combination of materials together resulting in a seamlessly smooth surface. With a wide range of colors, materials, and design layout options, NuBroidery™ offers a modern look compared to traditional embroidery. Materials include Scintillate™ fabric, Leather, Linen, Felt, Eclipse reflective fabric, Alloy, Batik, Cork, Matte, Silk, Velvet, Silverado, and Wood. These NuBroidery™ appliques can be categorized as being a Freeform (logo without a background) or a Framework (logo with a geometric shape background). Depending on the logo, materials, and desired hat, we can find a NuBroidery™ applique that works best for you.

**NOTE:** Larger and more complex logos are considered Deluxe NuBroidery™ and have to be quoted separately upon request.

# NUBROIDERY™

*Freeform*

AMERICAN  
EST. 1918  
NEEDLE INC.

*Scintillate*

The classic NuBroidery™ Freeform is made of Scintillate™ fabric using Countersink™ technology. Appliqué shape is defined by the logo.

*Felt*

The Felt NuBroidery™ Freeform is made of felt using Countersink™ technology. Appliqué shape is defined by the logo.

*Linen*

Linen NuBroidery™ Freeform is made entirely of linen fabric. Appliqué shape is defined by the logo.

*Leatherhead*

Leatherhead Freeform is made entirely of leather using Countersink™ technology. Appliqué shape is defined by the logo.

*Eclipse*

Eclipse is made of a combination of Eclipse Reflective fabric and Scintillate™ fabric. Appliqué shape is defined by the logo.

*Electricity*

Electricity NuBroidery™ is a combination of Reflective Metallic and Iridescent materials that create a truly stunning appliqué. The logo is enclosed in a geometric shape background with an outside contrasting border.

## Cork

Cork NuBroidery™ is a combination of Cork and Scintillate™ fabric to create a truly stunning appliqué. The logo is enclosed in a geometric shape background.

## Alloy

Alloy is made of a combination of Metallic fabric and Scintillate™ fabric. Appliqué shape is defined by the logo.

## Pokerchip

NuBroidery™ Pokerchip is made of Scintillate™ fabric using Countersink™ technology for a seamlessly smooth appliqué. Logo is contained within a circle background. Contains an alternating contrasting colored border to give it the appearance of a pokerchip.

## Velvet

Velvet NuBroidery™ is a combination of Velvet and Scintillate™ fabric to create a truly stunning appliqué. The logo is enclosed in a geometric shape background with an outside contrasting border.

## Triple Down

Is Triple lofted Nubroidery™ creating a standout application for any hat

## Belgique

Belgique is make of Batique using Countersink™ technology

## *Continuum*

Upslope is made of Scintillate™ fabric using Countersink™ technology with the club named arched over a Scintillate™ logo.

*Upslope*

Upslope is made of Scintillate™ fabric using Countersink™ technology with the club named arched over the established date.

## *Woven Labels*

## *Geometric Woven Label*

Label consisting of logo with a geometrically shaped (square, rectangle, circle) background. Woven label applied onto a felt substrate. Domestic with Felt Base. Import with satin Stitch on Geometetic only.

Circular woven labels are classified by size: Itty Bitty (23.5mm), Bigger Bitty (28mm), and Midi Bitty (32mm)

US patents #7467418 and 7137149

## *Freeform Woven Label*

A non geometric label applied onto a felt substrate. Appliqué shape is defined by the logo.

Domestic Only.

## *Ballmarker*

A woven label replica of the club's ballmarker.

Import with Satin Stitch

## *Poker Chip*

Poker Chip design on a Bigger Bitty or Midi Bitty sized label applied onto a contrasting multi-colored substrate.

Domestic Only.

## *Felt Patches*

### *Freeform Felt Patch*

The patch on this hat is made by embroidering the logo over die-cut felt, which results in a truly vintage look.

### *Felt Embroidered Merrowed Patch*

The Vintage Cotton Thread Merrowed Patch creates a true vintage patch look. Using die-cut felt as the base fabric, the logos are embroidered with soft cotton thread.

### *Felt Embroidered Raw Edge Patch*

The Vintage Cotton Thread Patch creates a unique patch look. Using felt with its raw edge as the base fabric, the logos are embroidered with soft cotton thread.

### *Felt Patch With Chainstitch Embroidery*

The Vintage Felt patch with Chainstitch Embroidery, using die-cut felt as the base fabric, the logos are embroidered chainstitch. This application offers a vintage clean look on headwear.

# *Leather Patch Application*

## Leather Patch Application

The Leather Patch Application uses 100% genuine leather and comes in numerous color options to create unique vintage logo application. The Leather patch can be a free form logo or a patch layout. 72 piece MOQ per design/leather color.

\*\*\* Not Nubroidery \*\*\*\*

### Color Options

HONEY #3

CAMEL #2

### Shape Options

# *Silicone Patch Application*

## Silicone Patch Application

The Silicone Patch Application uses a three-dimensional silicone mold to create a clean modern logo application in a matte finish. Silicone Patches can be a free form logo or in a patch layout with a maximum of 6 PMS colors used. 72 piece MOQ per design/color.

### Applications Types:

Freeform Silicone Logos Tonal Silicone Patch Small Silicone Patch Black & White Patch and Black & Cream Patch Full Color Patch Keep Shape Options

### Patch Examples

### Recommended Patch Shape Options

*Merrowed Patches &  
Other Applications*

## Embroidered Twill Merrowed Patch

The Embroidered Merrowed Patch creates a true vintage patch look. Using washed twill as the base fabric, the logos are embroidered with soft cotton thread.

## Woven Label Merrowed Patch

The Woven Label Merrowed Patch allows for the vintage look of merrowed patch to include a finely detailed logo.

## Lofted Embroidered Twill Merrowed Patch

The Lofted Embroidered Merrowed Patch creates a true vintage patch look. Using washed twill as the base fabric, the logos are embroidered with soft cotton thread. With some elements being lofted to create a more dimensional patch.

## Matte Print Twill Merrowed Patch

The Matte Print Merrowed patch creates that vintage look with the ability to capture much finer detail than embroidered merrowed patch.

## Combo Matte & Embroidered Twill Merrowed Patch

The Combo Matte Print Merrowed patch creates that vintage look by incorporating classic embroidered elements with the fine details of a matte print.

## Combo Leather TPU Patch

The combo Leather TPU Patch creates a unique look with a leather base and TPU details.

*Merrowed Patch  
Graphic Layout*

*Vintage Merrowed Patch*

The Vintage Cotton Thread Merrowed Patch creates a true vintage patch look. Using washed twill as the base fabric, the logos are embroidered with soft cotton thread.

*Landscape Patch*

The Landscape Patch commemorates famous landmarks and scenery through a vintage, highly detailed, merrowed patch.

NOTE: Providing a high quality image will provide the best and most embroidery detail for this design.

*Logo Merrowed Patch*

The Logo Merrowed Patch is a simple geometric merrowed patch with the client's logo embroidered in the center. A clean, vintage look.

*Import Appliqués Only*

AMERICAN  
EST. 1918  
NEEDLE INC.

TPU (Import)

The TPU Appliqué is an import only option that creates a custom mold of a logo that becomes injected with metallic polyurethane and then heat sealed to the cap. The logo colors are represented as metallic only to create a dimensional emblem appearance. Metallic TPU can come in 2 finishes: High Polish Finish or Matte Finish.

NOTE: Maximum colors in logo is eight.

NOTE: This program is for import only on the style Pace (AN 1912) with a 288 MOQ (144 per color of cap).

**AMERICAN NEEDLE, INC. GREEN GRASS GOLF  
CUSTOM PRODUCTS PROGRAM NOTES**

**RULES & POLICIES  
Effective 10/11/24**

1. This program applies ONLY to green grass golf course customers.
2. The list prices are for the products as pictured in the sales book. The prices generally include one (1) decoration. Exceptions are noted as necessary. Additional decorations are available with an up-charge. See the "Upgrades" section to determine final pricing.
3. Embroidered product prices are based on a single design with up to 5,000 stitches. Complex designs requiring a greater number of stitches will be priced individually. Oversized appliqués (e.g. embroidered felts and merrowed patches) also will be priced individually.
4. With the exception of "Freeform Combo" designs, products decorated with felt, merrowed patches, or other appliqués do not include any embroidery (other than the embroidery on the appliqué itself). Added embroidery placements are available with an up-charge. See the "Upgrades" section below to determine final pricing.
5. Minimums are listed for each product. The minimums may not be reduced without written approval. We reserve the rights to reject, add a surcharge to, and reduce the commission on any order that is below stated minimums. Direct any requests to reduce minimums to the Custom Product Development Group.
6. Reorders must meet the minimums. For reorders, the customer generally will be charged the lower of the current year price for the reorder volume or the current year price charged for the original volume.
7. Please use judgment when ordering apparel, especially near minimums. It is better to order more of one or two colors than to get the bare minimum of several colors. The reason is the replacement problem: reorders must meet the minimum. So, for example, if a customer buys 36 Brass Tacks, 6 of each of six colors (2M, 2L, 1XL, 1XXL), and sells just one of the XLs, it will need to reorder 36 shirts to replace the one sold. This problem is less severe when more sizes of fewer colors are involved.
8. List prices may not be reduced without written approval by Robert Kronenberger or his designee. Direct any requests for discounts to the Custom Product Development Group. Be aware, however, that commissions WILL BE REDUCED on any approved discount. We reserve the right to reduce commissions to zero on any unapproved discounted sales.
9. For products decorated domestically, different types of products generally may be grouped together to meet the minimums, provided there is no change in the design. For example, to meet the 72 piece price for embroidered caps, 36 slouches could be combined with 24 lightweights and 12 technocrat ventilators. The prices would then be the 72 unit price for each (\$9.50, \$9.50, and \$10.50 dollars, respectively). The same is true of applique'd products. However, if there is any change in the design, whether size, color, or otherwise, the products may not be grouped to meet minimums.
10. Each embroidery color change is treated as a separate embroidery design for determining minimums and prices. The same is true for screen printed apparel. Each color change is considered a separate design. The only exception is for designs which require a single thread or ink color change in order to be seen on both light and dark caps or apparel. In these cases only, one thread color or print color change is permitted only for the purpose of having a light design show up on a dark background and vice versa.
11. Please be aware that there are limits on the designs (including the size and shape of appliqués, embroidery, and printing) that can be applied effectively using finished blank techniques. If we believe that a proposed design will not work well, we will work with the customer to reach an accommodation. But we reserve the right to decline to make a product that we do not believe will meet our quality standards.
12. Split shipments (within a 3 month period) are acceptable at the total quantity price, provided a written purchase order is provided by the customer at the time the order is placed. We do not maintain stocking programs for custom products except in rare circumstances and only with Robert Kronenberger's approval.

13. For domestic decorated products, the following are the "Normal" shipping times after final approval of the order by the customer (including approval of art, stitchouts, and samples, if any):

Embroidered headwear or apparel	4 – 6 weeks
Applique'd products	8 – 12 weeks
Screen printed apparel	4 – 6 weeks

Please bear in mind, however, that during periods of high demand, shipping times may be greater.

14. For imported products, the following are the "Normal" shipping times after final approval of the order by the customer (including approval of art, stitchouts, and samples, if any):

Ocean freight	180 days
Air freight (generally \$5.00 per unit upcharge)	60 – 90 days

15. While we try to meet customer requests, all proposed shipping dates are approximate. If custom products absolutely must arrive by a certain date (e.g. for an event) please include all relevant information in the order. Please do not routinely use "cancel" or "event" dates; American Needle will not accept orders that it is not reasonably likely to ship by the date.
16. We generally maintain a substantial domestic inventory of the most popular colors of tee shirts and caps, sufficient to fill orders up to 250 or so units. Please be aware, however, that shortages may occur from time to time. The Custom Products Group will be able to help you with alternative colors/styles when necessary. For large headwear orders that must be decorated domestically, for example, event caps, we recommend using black, white, navy, stone, khaki, red, dark green, bay blue, charcoal, and classic blue AN100 Slouches as we generally have several thousand of each in inventory. We also maintain large quantities of all colors of AN128V Lightweight Slouches, and AN1212 TKOs in navy, white, black, and stone. Before taking any large domestic order for quick delivery, please check with Custom Products Group for availability
17. Samples are very expensive and we generally do not make pre-order or pre-production samples of custom products. We will do so, at the customer's request, only if the customer pays for the sample. The price for any such sample will be determined on a case-by-case basis. For orders of embroidered products, upon request, we will provide a pre-production flat sew-out of the design.
18. You may not sell products "on consignment" or on any other "sale or return" basis. If the customer cannot afford to purchase large quantities, sell lower quantities. Remember, these are custom products; we cannot sell them to anyone else.
19. Sales Reps may not authorize returns without first obtaining written approval from the Custom Product Development group. Customer returns (other than for bona fide claims of poor quality) will result in a chargeback to the Sales Rep of an amount up to the full cost of making and shipping the product.
20. The standard commission rate on custom products is ten percent (10%); for custom headwear sales to green grass golf customers only, the standard commission is (12%). Full commissions will be paid only on authorized, full price sales. Any approved discount will result in a reduction in the commission to be paid on the sale equal to half of the discount. For example, if a 10% discount were approved on a sale with a ten percent (10%) standard commission, the commission would be reduced by 5% (one-half of the total 10% discount). We reserve the right not to pay any commission on discounted sales that have not been approved in writing by Robert Kronenberger or his designee.
21. All charges to Sales Reps will be deducted directly from commissions.
22. Prices are FOB; the customer pays all shipping and delivery charges, plus any applicable taxes.
23. Special requests (e.g. metallic threads or other materials upgrades) will incur upcharges that will be determined on an individual basis.
24. For new customers (and existing customers to whom we have not extended credit terms), we may require a 50% nonrefundable payment before custom products will be placed for production, with the remainder to be paid in full before shipping. Any request for credit terms should be directed to the Custom Products Development Group or the Credit Department.
