"How can we tell these communities to wash their hands when there is no clean water?"

Meet Weo, from Huzi Village in Dodoma Region of Tanzania:

"I try to educate the citizens to wash their hand several times so as to prevent the COVID19."

With what little dirty water they have, our vulnerable brothers and sisters are doing their best to combat and prevent the spread of COVID-19.

"We operate in areas where COVID-19 could wipe out entire villages".

A Mask Made of Palms?

During these challenging times when resources to keep people

healthy may be scarce, this boy seems to have taken a creative approach to the CDC-recommended face mask!

Humor aside, this is a somber reminder of the many who struggle to access basic human needs that we take for granted.

Have a Happy Passover, a Blessed Holy Week and a Happy Easter! We've teamed up with Amazon so as we 'lockdown' this weekend, .5% of your purchases will support Water 4 Mercy.

Remember to shop using our AmazonSmile link - .5% of your purchases will benefit our villagers!

Check out the villages impacted by our MISSION!

BEFORE: Mwinyi villagers spend hours collecting dirty water

AFTER: Mwinyi youngsters have clean water for the first time!

COVID-19 may postpone 'CHAMA 2020', but our MISSION is more urgent than ever!

We are **POSTPONING** 'CHAMA 2020' to a later date, but we CANNOT postpone our MISSION — to bring clean water and innovative farming to those dying of hunger and thirst.

During this time of uncertainty and social distancing, join us as we continue to provide African villages with permanent, advanced water and agricultural solutions!

Your Donations Continue to Fund Clean Water & Drip Irrigation Projects in Remote Africa!
