Jehovah's Witness Project - Caring for the Orphans of Kasungu, Malawi

Issue 1

Second Home Furnished and Kids are Moved In!

First of all, **THANK YOU** for your continued support of this ministry. The Lord continues to do great works through you in Kasungu.

The second home is completely furnished and the children are thriving in a family environment. We are thrilled to see how much better they are doing. Justin says, "There is much laughter and fewer tears." This is our mission from Matthew 25:34-46 and it's so wonderful to see God's hand in it all!

We have been able to send all 40 children to school and to provide all the school supplies and uniforms that are required to attend again this year. It is so important to give these children the advantage of an education in such a poverty stricken country.

The Lord has blessed our 10 acres of leased farm land that is bursting with corn to help feed the children, pastors, and their families. Once harvested, this corn will help feed them for an entire year. For this, we give him thanks.

The farm animals are reproducing and doing well. We now have 20 pigs, 18 goats, ducks, chickens, and few cows. Predators continue to be a problem. The rabbits have fallen victim to, possibly, some type of wild cat. Justin is continually fighting this battle and is pursuing more secure cages. The animal projects are all part of putting them on the path to self sufficiency.

"There is much laughter and fewer tears."

Whoever is kind to the poor lends to the Lord,
and he will reward them for what they have done. ~ PROVERBS 19:17

OUR MOTIVATION

Matthew 25:34-36

OUR VISION

To provide Christ-centered solutions to help the poor and underprivileged living in poverty in Kasungu, Malawi, Africa become financially self-sufficient followers of Christ so that they may be able to disciple others.

OUR MISSION

A Judeo-Christian ministry designed to show the love of Christ by providing relief for the poor, the distressed, and underprivileged in Kasungu, Malawi, Africa. Focus is primarily on housing, food, clothing, shelter, potable water, faith-based education, vocational training and other assistance to become financially self-sufficient.

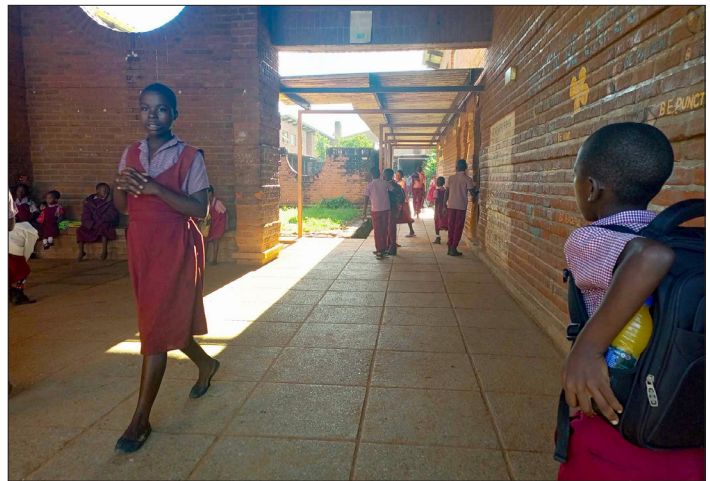

The boys are helping with yard work around their new home.

The girls are doing laundry as part of their family chores.

Pastor Justin and baby Titus are inspecting the corn (maize) crop.

Time for school! Like it says on the wall to the right, "Be Punctual."

The children are waiting for school to begin.

In Obedience...

We are in the process of beginning a new campaign to raise money for the construction of a third home and a vocational/trade school. Approximate cost of these two projects is \$75,000.00. These projects will require much prayer and resources, but we believe that God is calling us to these two projects to help these children as they transition out of the orphanage and into adulthood. It's a lot, but as Pastor Banda always reminds us that "God is faithful and we will follow His lead." He has carried us this far and we continue to give Him all the glory for the miracles accomplished thus far.

"God is faithful and we will follow His leading."

The trade school will teach them life and vocational skills to help them make a living, while providing much needed services to help their community. As part of their training, they will continue to hear the Word of God and how their new skills can be used to witness to those who do not know the Lord.

That last thing is another important prayer request. We are planning on sending a small team to Malawi in the future. Right now there is a travel alert to Malawi. We are asking if you would be in prayer for doors to open so that this team may travel to Malawi to help Pastor Justin with some projects and to meet the people there.

We are so thankful and humbled that God has chosen each one of us to travel this journey together!

Shalom!

MEET Trinity Phiri

Trinity Phiri is 14 year old. Her father died of Malaria before she was born and her mother died when she was 2 year old. It was then that she went to live with her grandmother until she passed away. Her siblings live in different places with different people and her older sister is married and lives far from Kasungu. She has been living with Justin and Chrissy ever since. She lives in one of the Jehovah Jireh homes.

Trinity is a good, hard working girl. She likes cooking, praying, and reading books. Her favorite colors are yellow and white. She is a good student and wants to be a nurse when she finishes school.

If you are interested in sponsoring Trinity or any of the children below, please email or call Rick at info@jjp-malawi.org (330) 340-2327. Sponsorship is just \$40 a month.

A Word from Pastor Justin...

1 JOHN 3:7-9

Dear friends, let us love one another, for loves comes from God. Everyone who loves has been born of God and knows God. Whoever does not love does not know God because God is love.

As children of God we must love one another, as the Father loves us. He loves us without seeing how big, fat, tall, white, black, rich, or poor. He loves us all the same. We must love one another without limits. We need to love those in need... orphans, widows, and greys (old people). Let's love them all, then the world will know that we are the children of God.

FINANCES

JANUARY 1 - MARCH 5, 2024

Beginning Balance	\$3,468.78
Income	6,847.08
Expenses.....	\$5,038.98
Balance	\$5,276.88

12 Children Still in Need of Sponsors
