

ARE YOU UNABLE TO CONTROL YOUR OFFICE LIGHTING?

HEADACHES | MIGRAINES | EYE STRAIN | FATIGUE

If you suffer from light sensitivity or are affected by lighting which you are unable to control **without** affecting others then try....

SuperVisor®

The **SuperVisor®** is designed to **block** or limit the level of light (artificial or natural) from a persons field of view in order to create a more comfortable environment.

Widely Recommended by:

- ✓ Facilities and Estates Managers
- ✓ Occupational Health Assessors
- ✓ DSE Assessors
- ✓ Risk Assessors
- ✓ Access to Work Assessors
- ✓ Assistive Technology Assessors

Who is the **SuperVisor®** for?

- Headache and Migraine Sufferers
- People with Light Sensitivities
- People with Visual Impairments
- People with Autism and Aspergers

Key Features:

- ✓ Lightweight Visor
- ✓ Fully **Adjustable** Spring Balanced Arm
- ✓ Optional Coloured Visors
- ✓ Optional Weighted Base

“ My SuperVisors are amazing, they block out artificial light and most **natural** light for me and as I have **Chronic Migraine** and **Photophobia** the equipment is vital to me and means I can continue to remain working. ”
- Carole (Local Authority)
