

Council President Gabe Albornoz, Wants To Hear From You!

Together we've managed to hold off the vote on Thrive Montgomery 2050, but the Lobbyist are organizing and Councilman Reimer is putting the squeeze on the rest of the County Council to pass this flawed General Plan. Our voices must be heard over the Lobbyist! Please plan to attend your Regional Service Center Zoom meeting and tell the Planning Board and the County Council, why "We Won't Thrive With Thrive"

"Regional Service Advisory Board Committee meetings on Thrive Montgomery 2050 to further expand the Council's outreach and provide additional input on the draft plan based on interests from across the County."

The meeting dates are as follows and will be on Zoom . Click on the links and you will be connected to the zoom call

Janu. 20 at 7:00pm, [Mid-County Citizens Advisory Board](#)

January 24 at 7pm, [Upcounty Citizens Advisory Board](#)

January 27 at 7pm, [Western Montgomery County Citizens Advisory Board](#)

Questions for Community Members from County Council:

1. Is this vision consistent with your views of how the County should develop and grow over the next three decades?
2. In your opinion, what are the three most important issues facing the County as it relates to land use (such as availability of affordable housing, accessible, convenient and reliable transportation, access to parks and open space within your community, preservation of historic and environmental resources, and proximity to jobs, retail, entertainment, arts and culture).
3. Does Thrive address these issues in its vision, policies or practices? If not, what would you add or change?
4. In order to maintain and improve the County's quality of life, what issues should the County focus on in the next 20-30 years- if these are different from the issues discussed earlier?
5. Do the policies and practices in Thrive provide sufficient guidance to address these issues? If not, what would you add or change?
