

Riemer Has A Secret Video

Here's the update on what took place yesterday at the PHED Worksession.

Current version of Thrive: The PHED Committee passed an "amended" version of Thrive today to send to the Council. Now, we need to see the amended version.

Report on Councilmember Jawando's Roundtable with the African American community. Unfortunately, this event was not widely publicized, nor did members of PHED Committee aware of this meeting. ACTION - How was outreach done for this roundtable? Second, where is the report?

Clarification on Growth Maps: There was a thorough discussion on September 20 regarding maps and the need for clarification, to date, Councilmember Friedson has not received the answers he was asking.

There will not be a public hearing on final draft of Thrive Montgomery, instead the PHED Committee agreed that they would hold a "listening session". This is completely unacceptable! Councilmembers are about to vote on one of the most consequential pieces of legislation in decades. So far, they have hidden behind Zoom to hear testimony, but they have not stood before us to answer our questions!

PHED Meeting Recording from Monday, October 25, 1:30P.M.
