Customized Markers

Make your QR Code stand out with your choice of hundreds of QR Code Marker variations and color

HEARTS

Pattern

A collection of 14 different marker patterns arranged in two columns. The patterns include geometric shapes like squares, diamonds, and stars, as well as clusters of dots and various combinations of lines and shapes.

Marker Border

A grid of 13 different marker border styles. The borders include squares with rounded corners, circles with various shapes cut out, and other decorative shapes like a leaf-like form.

Marker Center

A grid of 20 different marker center designs. These include solid shapes like squares and circles, patterns of small dots, and various geometric symbols like stars, diamonds, and hearts.
