Important Information

COURSES: Tennessee offers many permit options. The only handgun permit course Emily teaches is the "enhanced" 8 hour course. Students should know how to safely load and fire a handgun prior to taking the permit class. If assistance is needed, private lessons are available. Private group courses are offered, subject to availability.

REGISTRATION: Classes fill up quickly. Please register online to reserve your seat at **www.emilypritt.com**. If a date is not displayed when trying to register, then that course is sold out.

BEFORE CLASS: Students will need to pre-apply with the state and bring the application number to class. Visit **dl.safety.tn.gov** and click on the handgun permit tab to begin.

MATERIALS: Bring (or rent from us) a working handgun and 50 rounds of ammunition per student. Please pack snacks/drinks.
