## INTRODUCTION

**ALPHA IMPERIAL CONSTRUCTION, LLC** is a minority certified woman own premier turnkey construction company offering high-quality and efficient construction services to a diverse clientele. With an impressive, combined experience spanning over 50 years in the construction industry, AIC has established itself as a trusted provider of comprehensive construction solutions. Our extensive experience encompasses demolition, renovation, design-build, remodeling and roofing construction, HVAC, electrical, plumbing and project management, making us a preferred choice for clients seeking excellence and reliability.

### FORMER PROJECTS:

Our proactive, objective, and disciplined work ethic has resulted in obtaining business from each of the organizations listed below.

### COMPETITIVE ADVANTAGES

- **Quality Assurance Through AI Technology:** Leverage the innovative use of AI technology in your quality control processes. This tech-forward approach enhances the precision and efficiency of your construction projects, setting AIC apart from competitors who may not yet integrate advanced technologies in their operations.
- **Turnkey Construction Capabilities:** AIC provides end-to-end construction services from concept to completion. This turnkey solution is a significant differentiator as it offers clients a seamless, hassle-free experience with a single point of accountability throughout the construction process.
- **Minority and Woman-Owned Certification:** As a minority and woman-owned business, AIC stands out in promoting diversity and inclusion within the construction industry, potentially unlocking specific government and corporate opportunities that prioritize or mandate diversity in their procurement strategies.
