General comments:

- Loved versatility of being able to do auction online
- Comment on how there was reluctance to create an account with credit card
- Overall, Jessica mentions we will try to amp up lighting next year; we ran out of candy, lots of high schoolers helped

- Rosa (Stone Lake alum) will be chairing this – we are good on vendors – may be close to full right now, but we are still doing kid vendors this year (students who like to make them or sell things); will have Mr. Beard send Talking Points – submission by 22nd of this month
 - Link to flyer is linked above here – same day as breakfast with Santa by Lakeside Clubhouse – hope is for families to come over from the breakfast to this; Every vendor has to donate a certain amount of items and then it is raffled off at the end

Principals Report

Mark Beard

- We have spelling bee this week on Thurs – School registers with Scripps Spelling Bee – can move on to county spelling bee if qualify on a test – then they can represent our school
- Turkey Trot is on the 19th – 1-6th grades – 1st, 2nd, 3rd place finishers this year – winner gets turkey
- Then that next Fri (11/22) is track change day – We will have an assembly – Native American Dance Troupe – could be in MP room or outside quad – not finalized due to weather. If outside, it will be easier to have parents come as well, but if not, there won't be a lot of room for parents inside the MP room
 - Shout-out to Jessica helping to get Native American dancers here
- Hawker's Herald – parents often ask about different classes available – next month he will discuss ABSS and Levels classes; Mr. Beard will be holding a parent meeting about things we can do as a school to be more inclusive to all students at our school; this will be open to all, but is geared towards ABSS and Levels classes
- Questions?
 - Did you get basketball coaches? Yes, we should be set with coaches
 - Are A trackers allowed to participate in events when they are off track? Events like Turkey Trot that have a parent attending are welcome, but assemblies are a "no" unless you're on track due to space limitations.
