

LENOVA[®]

DESIGN INSPIRED BY FUNCTION

US Catalog 2022.01

Welcome to Lenova

Discover a company where design is inspired by the beauty of life, nature, and function. Here at Lenova we transform the ordinary into the extraordinary.

Lenova's idea is that luxury design should be stunning and affordable. Lenova, a celestial-inspired name for our company reflects the dream of establishing a new star of the decorative plumbing industry, one that blazes to new heights of design, quality, and customer service.

Lenova is known for its impressive handcrafted sinks from an array of fine quality materials from globally sourced Stone, Stainless Steel, Glass, Porcelain, and Copper. We are proud to continue this tradition in our 2021 catalog with extensive collection of kitchen and bath products.

PERMACLEAN® - Seamless Drain System

The PERMACLEAN® seamless drain system by LENOVA® has proven to be a marvel with a streamlined modern look and an innovative drain design. The disposal and drain seamlessly disappear for a sanitary and stylish look.

PERMACLEAN® is the solution to the traditional kitchen sink drain. Our PERMACLEAN® sinks feature a removable splash guard that is dishwasher safe and strainer basket seals both the drain and disposal system. In addition to these features our PERMACLEAN® sinks offer a durable 16-gauge 304 Stainless Steel material with a brushed satin that is easy clean and compliments any decor.

Model types offered:

Undermount - Zero Radius, One-Half Radius, Ledge, Classic, and Apron Front Ledge sink.

Features vary by model and include:

PERMACLEAN® Drain System both Single and Double Bowl

X-Channel Drainage Technology

Durable Protective Undercoating

Rubber Sound Pads for Noise Reduction

Limited-Lifetime Warranty against manufacture defects

- White Finish.

NOVAGRANITE™ Composite Kitchen Sinks

Our NOVAGRANITE™ composite sinks bring a new level of science into the kitchen. The material is a mix of 85% crushed granite powder and 15% organic and non-toxic chemical materials. The high density of granite in these composite sinks makes them highly resistant to scratches, chips, and stains. The heat handling capabilities of this composite will allow you to take a hot pan from the stove directly to the sink without danger of burning or marring the finish.

NOVAGRANITE™ is completely recyclable.

Model types offered:

Undermount along with Single, Single Bowl Apron Front or Double Bowl Sinks.

**Features vary by model and include:
Limited-5 Year Warranty against
manufacture defects**

- Completely Recyclable and Eco-friendly.

Copper Kitchen Sinks

Our timeless Copper Collection will add a richness that comes only from copper. Made of the highest quality virgin copper in 15-gauge, they are lead and mercury free. Copper is considered to be a living finish that ages with use and develops a beautiful patina. Each sink is hand hammered in a process called “work hardening” that strengthens the material. Known as the “red metal” copper, possesses a color like no other. It will add a special warmth and beauty to any kitchen.

Model types offered:

Undermount Single Bowl, Double, and Apron Front

Features vary by model and include:

**Limited-5 Year Warranty against
manufacture defects**

Entertainment Sink

The Entertainer, it's the center of attention before, during and after the party. A split cutting board hides the sink and preserves precious counter space when not in use, a wine chiller, a condiment station, and bar during the party and then clean up station after the party. The Entertainer is more than the sum of its parts and will prove to be the gathering spot at your next party.

Features vary by model and include:

X-Channel Drainage Technology
Durable Protective Undercoating
Rubber Sound Pads for Noise Reduction

**Limited-5 Year Warranty against
manufacture defects**

Stone Bathroom Sinks

Modern meets classic with Lenova's Solid Stone above counter sinks and tops. Solid stone is cut, milled then polished by hand. The result is the inner beauty of the stone is revealed. Every sink is unique and one of a kind because of the earth's conditions when creating the rock. Lenova's solid stone sink tops feature a unique hidden drain system that gives a clean look to these handcrafted sinks. The sinks are available in three standard sizes and three colors to compliment most bathrooms. Lenova offers sleek stainless steel stands that make the tops a sophisticated centerpiece in the bath.

Copper Bathroom Sinks

Our timeless Copper Collection will add a richness that comes only from copper. Made of the highest quality virgin copper in 15-gauge, they are lead and mercury free. Copper is considered to be a living finish that ages with use and develops a beautiful patina. Each sink is hand hammered in a process called "work hardening" that strengthens the material. Known as the "red metal" copper, possesses a color like no other. It will add a special warmth and beauty to any bathroom.

Features vary by model and include:

Bronze Bathroom Sinks

The Bronze Collection offers organic beauty and uniqueness thanks to hand craftsmanship. Hand cast in high relief bronze, the sinks are a compelling tribute to the natural beauty that inspired their design. There is no mass production here, only laborious craftsmanship and hand casting. Each sink is a singular work of art that is finished by hand to give it a rustic living patina. A practical and beautiful work of art in your bathroom.

Kitchen Faucets

Our Stainless Steel Faucet line includes a wide variety of models designed to fit any kitchen with styles ranging from sleek and modern to elegantly traditional, in single lever or dual handles. As with all Lenova products, the faucet line is designed not only for its beauty but is built to last. The type 304 stainless steel construction eliminates the concern associated with lead, and the satin polish on the stainless surfaces insures a lifetime of good looks with minimum care. All the faucets have long-life ceramic disk cartridges, the stream and spray heads are stainless steel. A 10 year limited lifetime warranty is standard on the stainless components.

Features vary by model and include:

Aqualogic Ozone Faucets

- The Aqualogic Ozone Faucet is the first conventional hot/cold faucet that is also an ecologically safe way to clean food, and any other water safe surface without any chemicals or chemical residue.
- Ozone is 100 times stronger than Chlorine and kills bacteria 3100 times faster, Ozone (O₃) kills 99.9% of ALL common viruses, bacteria, and germs. Ozone water will improve food shelf life, remove odors, and increase the level of protection from food born illnesses.
- Ozone is also chemical free; it produces no toxic by-products and leaves no residues.
- Kills odor. Makes your kitchen or pet smell clean.
- Makes your veggies, fruit stay fresh 3 times longer
- These faucets are medical equipment. **FDA Class I Approved**
- Limited 2 Year Warranty

Our Stainless Steel and Brass faucet line includes a wide variety of models designed to fit any Bathroom with styles ranging from sleek and modern to elegantly traditional, in single lever or dual handles. As with all Lenova products, the faucet line is designed not only for its beauty but is built to last. The no lead brass and 304 stainless steel construction eliminates the concern associated with lead, and the satin polish on the stainless surfaces insures a lifetime of good looks with minimum care. All the faucets have long-life ceramic disk cartridges, and a 10 year limited lifetime warranty is standard on the stainless components.

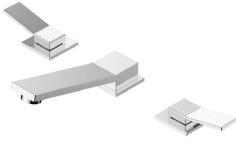

Features vary by model and include:

Single or Dual Handle Function

**Limited 10 Year Warranty against
manufacture defects**

Linear Drain

All Lenova Linear Drain Systems include a drain body frame crafted from premium quality type 304 stainless steel with a vertical 2" tailpiece. The adjustable-height metal legs allow for perfectly smooth leveling of the drain grate to the tile. The generously tapered slope of the frame ensures high-capacity drainage and the removable inserts provide easy access to the hair catcher and drain hole protector for cleaning. The drains are all ADA compliant and UPC certified making them ideal for barrier-free applications in residential, hospitality or commercial spaces.
