What's Next

1. Sign up on Skool.com. Follow their prompts to establish your account. You will need a profile picture. Think about what you want to put in your bio. (Bios are meant to help those that meet you know something about you to collaborate or begin a discussion. Share as much or as little as you like.)
2. Go to "Start Here" to familiarize yourself with Skool.com's platform. Try posting a comment, click on the tabs to see where the calendar is, the links for the videos are or will be, comment on a video. This is our "classroom."
3. Pay your fee on the 25th of each month and you'll have access to the community, calendar, posts, available videos and more! Email us if you need help.

We're honored to have you as part of this community, and we look forward to what will be shared in the months ahead.
