

## Media Policy

Prima Youth Classical Academy and members of their faculty will at times film appropriate videos or capture images to support the learning journey of academy members. There can be times that these images or videos are of a technical or artistic quality that they may be posted to social media or used in advertising or on the website.

In the spirit of Prima Youth Classical Academy all faculty are very mindful that images or videos that are published are extremely appropriate.

Decisions regarding what images or videos are shared are made by PYCA faculty mindful of the technical and artistic merits of the image only.
