WELCOME TO BRANDON ALL CANADA SHEEP CLASSIC

On behalf of the City of Brandon, I am thrilled to welcome all participants, exhibitors, and guests to the 2025 All Canada Sheep Classic, taking place at the Keystone Centre from July 10–12.

We are honoured to host this prestigious national event, which brings together the very best in Canadian sheep genetics and showcases the dedication, innovation, and passion of breeders from coast to coast. This year's event holds special significance for our community, as Brandon was the proud birthplace of the Classic in 1981. It is a privilege to see it return to its roots and continue its legacy of excellence.

Brandon is a city built on agricultural strength and community spirit. We are proud to support events like the All Canada Sheep Classic that not only celebrate our heritage but also foster collaboration and growth within the industry. Whether you are here to exhibit, purchase, or simply enjoy the show, we hope you experience the warmth and hospitality that defines our city.

Thank you to the Canadian Sheep Breeders' Association, the Manitoba Sheep Association, and the local organizing committee for your hard work in bringing this event to life. We wish all participants a successful and memorable Classic.

Sincerely,

A handwritten signature in blue ink, appearing to read "Jeff Fawcett".

Jeff Fawcett

Mayor of the City of Brandon

WELCOME FROM THE COMMITTEE

On behalf of the all Canada Classic Committee I would like to welcome everyone to the 2025 All Canada Sheep Classic. The pride for the industry is what pushed me to want to be part of boards and committees, dedicated to improving and expanding our sheep industry. I sit on the Manitoba Sheep Association as a director and am the current treasurer. As chair of the All Canada Classic National show and sale committee, I feel this event is a huge opportunity for

Manitoba. The provincial and national support we have felt with planning this event has been amazing! We would like to send a huge thank you to everyone who supported and will support our event. Big shout out to the Keystone Centre and their staff for everything they have done for us.

Thank you and welcome,

Bethan Lewis

Bethan Lewis
Chair of All Canada Classic Committee

WELCOME FROM MANITOBA SHEEP ASSOCIATION

The Manitoba Sheep Association is pleased to partner with the Canadian Sheep Breeders Association in hosting the 2025 All Canada Sheep Classic. We would like to welcome everyone back to Brandon, Manitoba where it all started 44 years ago, in 1981 when the first All Canada Classic was held here. We are going to have a great event, kicking off Thursday July 10th with the junior show and the social, Friday we will have the traditional lamb banquet following the show and of course Saturday is sale day and we are also holding fibre competition this year.

We are pleased to have national industry representation attending this year's event including the Canadian Sheep Federation, Canadian Cooperative Wool Growers and the Next Generation Canadian Lamb Producers. We would like to express our sincerest gratitude to our volunteers, our sponsors and the many businesses bringing trade show booths, without all of your support these events would not be possible.

We look forward to welcoming everyone from across the country, let's have a great show, and make some memories with friends new and old.

Manitoba Sheep Association

A CLASSIC WELCOME LA CLASSIQUE VOUS ACCUEILLE

Welcome!

On behalf of the Canadian Sheep Breeders' Association, it is my pleasure to welcome you to the 2025 All Canada Classic Sheep Show and Sale in beautiful Brandon, Manitoba. In 1981, Manitoba was the original host province, so it's fantastic to be back where it all began for the All Canada Classic, because as the city says, "Brandon brings you back".

This annual showcase represents the passion of our industry—dedicated breeders, committed producers, and some of the best purebred genetics Canada has to offer. As we gather once again, we recognize not only the animals in the ring but also the community, resilience, and innovation that continue to move our sector forward. The sheep showcased at this event represent more than genetics—they are the result of dedication, stewardship, and a belief in the long-term value of doing things right. This year's All Canada Classic showcases the diversity of our industry with 282 entries from 60 consignors representing 14 breeds.

From the CSBA board of directors, the CSBA membership, and myself, I'd like to extend a sincere thank you to the Manitoba Sheep Association and to all the volunteers, sponsors, and consignors whose hard work has made this event possible. We are grateful for your commitment and proud to see Manitoba host the 2025 Classic.

I look forward to seeing you in Brandon.

Bernadette Nickel
CSBA President

Bienvenue !

Au nom de la SCÉM, j'ai le plaisir de vous souhaiter la bienvenue à la 2025e exposition-vente de moutons de la Classique pancanadienne dans la belle ville de Brandon, au Manitoba. En 1981, le Manitoba était la province hôte originale, alors c'est fantastique d'être de retour là où tout a commencé pour la Classique pancanadienne, car comme le dit la ville, « Brandon vous ramène ».

Cette exposition annuelle représente la passion de notre industrie – des éleveurs dévoués, des producteurs engagés et quelques-uns des meilleurs produits génétiques de race pure que le Canada a à offrir. Alors que nous nous réunissons une fois de plus, nous reconnaissons non seulement les animaux dans le ring, mais aussi la communauté, la résilience et l'innovation qui continuent à faire avancer notre secteur. Les moutons présentés lors de cet événement représentent plus que de la génétique – ils sont le résultat du dévouement, de l'intendance et d'une croyance en la valeur à long terme de faire les choses correctement. Le All Canada Classic de cette année met en évidence la diversité de notre industrie avec 282 inscriptions de 60 consignateurs représentant 14 races.

Au nom du conseil d'administration de l'SCÉM, des membres de l'SCÉM et de moi-même, j'aimerais remercier sincèrement la Manitoba Sheep Association et tous les bénévoles, commanditaires et consignateurs dont le travail acharné a rendu cet événement possible. Nous sommes reconnaissants de votre engagement et fiers de voir le Manitoba accueillir la Classique 2025.

J'ai hâte de vous voir à Brandon.

Bernadette Nickel
Présidente de la SCÉM

ALL CANADA SHEEP CLASSIC

TERMS & CONDITIONS

ORDER OF SALE: Breeds will sell in the same order that they are listed in the show catalogue (alphabetical). Within each breed, the sale order will be Champion Ewe, yearling ewes, fall ewe lambs, spring ewe lambs, Champion Ram, yearling rams, fall ram lambs, spring ram lambs. Within each class, animals will be sold by the order of their placing in the show.

HEALTH AND SOUNDNESS: All animals will be rigidly assessed by the culling committee and/or the attending veterinarian and culled if necessary. Please inspect your animals carefully at home. The CSBA and the veterinarian do their best to ensure the health and soundness of animals during the selection at the show, they are not liable for conditions that may arise after the event.

The following list outlines some of the undesirable physical traits will serve as cause for an animal to be culled but does not exclude other reasons that an animal may be culled.

The veterinarian on site will assess the animal for:

1. Lameness
2. Presence of external parasites
3. Orf lesions
4. Abscess
5. Entropion
6. Scrotal malformation: will include palpation to ensure uniform testicles, the presence of epididymides, and scrotal circumference review
7. Body condition score of 2 or less
8. Any other condition that concerns the veterinarian

The Classic selection committee will assess the animal for:

1. Malocclusion / Dental Alignment
2. Tails must be docked at the end of the caudal fold and must cover the anus
3. Any other condition that concerns the committee

The CSBA Classic committee is authorized to settle any and all disputes regarding culling and to interpret the rules. The committee culls based on health and sale standards, not breed standards. Their decision will be final. All animals that have been culled must be immediately removed from the sale facility.

REGISTRATION CERTIFICATES: Original registration certificates must be signed on the back for transfer and submitted to the culling committee. This applies to all entries with no exception. Failure to supply the registration certificates will cause the animal to be excused from the sale without a refund of entry fee and the animal must be removed from the sale facility. Following the sale and financial settlement, the CSBA office will process transfers, and the cost will be deducted from the consignor's sale proceeds. The transferred registration paper will be sent directly to the buyer from the CLRC.

IDENTIFICATION: All consigned animals must either bear legible tattoos or paired CSIP tags. Confirmation that the identification stated on the registration paper is borne by the consigned animal is the responsibility of the culling committee. All consigned animals must bear a CSIP tag according to CFIA regulations. Animals failing to meet the identification standards will be culled from the sale and must be removed from the sale facility.

COMMISSION: Sale commission is 15%, with the following exceptions: the minimum commission on animals that sell will be \$60 and the maximum commission on animals that sell will be \$500. Sale commission will be deducted from the consignor's proceeds. There is a \$400 floor price in place.

BUYERS: Buyers must obtain a buyer's number from the salesclerk before they are eligible to bid in the auction. Buyers must provide their full name, address, telephone number and email address and indicate exactly how each animal is to be transferred.

TERMS & CONDITIONS (con't)

TERMS: Payment may be made by cash, personal cheque, debit card, Visa or Mastercard or e-transfer. Animals will not be released from the sale facility until payment is processed. Registration papers will be transferred when personal cheques have cleared the bank. Any animals purchased by credit card (VISA/MC) will be subject to an additional 3% fee.

GUARANTEE: Each consignor guarantees clear right and title to all animals that present for sale.

All animals are guaranteed breeders, if properly handled.

All males are guaranteed breeders. Should any ram fail to prove to be a breeder, any claim for adjustment must be made within 18 months of the date of sale. A satisfactory settlement shall be deemed to be replacement with another ram of equal value and health status or refund of purchase price.

The seller shall have the right, if so desired, to try a ram for as much as 75 days to determine whether he is a satisfactory breeder, before making final adjustment.

All females are guaranteed breeders. Should any female 12 months of age or older, not pregnant at the time of sale, fail to become pregnant during the current breeding season, the purchaser has the right to claim adjustment in writing to the seller within 12 months of the sale. Should any female younger than 12 months of age and not pregnant at the time of sale, fail to become pregnant during the current breeding season, the purchaser should notify the seller within 12 months from the date of sale, but wait to see if the ewe again fails

to become pregnant by 24 months of age, before claiming adjustment in writing to the seller. Satisfactory settlement shall be deemed to be replacement with another ewe of equal value and health status or refund of purchase price.

The purchaser shall notify the seller as soon as any concern with an animal arises.

Exposed ewes of any age, even if marked prior to sale, are not guaranteed to be pregnant or produce living lambs.

Under no conditions will the seller be liable for more than the original purchase price of the animal.

The seller may direct the marketing of the animal and refund the difference between the purchase price and the market value as shown on the sales receipt.

No incidental expenses, such as feed, care, etc. will be charged by either party when making settlement.

All transportation charges are the responsibility of the buyer.

No settlement will be completed until the registration certificate is retired or endorsed and returned to the seller.

Any settlement of such guarantee is between the seller and buyer and is subject to the restrictions set out above. The Canadian Sheep Breeders' Association and the provincial Classic committee assume no responsibility, expressed or implied, with respect to this guarantee or the restrictions set out above.

RISK/REMOVAL: All animals are at purchaser's risk as soon as sold. Delivery must be taken at conclusion of sale. All animals must be removed from the barn by 8:00 PM on Saturday July 12, 2025.

ERRORS: If any errors are noted, corrections will be made from the auction stand. All announcements at sale time, written or oral, supersede any material written in this catalogue.

LIABILITY: The Canadian Sheep Breeders' Association and the Manitoba Sheep Association, and their directors, owners and employees accept no liability that may occur. Accidents at sheep sales are very rare, but all attending must do so at their own risk.

**INNOVATIVE
AGRICULTURAL
ORGANIZATION
OF THE YEAR**

2025

As the national voice of Canadian sheep producers, the Canadian Sheep Federation (CSF) is proud to support the 2024 All-Canada Classic as a Gold Level Sponsor.

We're here at the Classic not just to sponsor — but to connect with you, the producers who shape the future of our industry.

From securing federal funding for national programs, to launching innovative tools like assurance programs, traceability systems, and disease preparedness initiatives — CSF works hard to protect and strengthen sheep production across the country.

Come visit our booth – learn how your national organization is working for you.

www.cansheep.ca

VENTE CLASSIQUE CANADIENNE DU MOUTON – CONDITIONS

ORDRE DE VENTE : Les races se vendront dans leur ordre d'énumération au catalogue de l'exposition (alphabétique). Dans chaque race, l'ordre de vent sera Brebis championne, Brebis d'un an, Agnelles d'automne, Agnelles de printemps, Bélier champion, Béliers d'un an, Béliers d'automne et Béliers de printemps. Dans chaque catégorie, les animaux seront vendus selon leur ordre de placement dans l'exposition.

SANTÉ et SOLIDITÉ : Tous les animaux seront rigoureusement évalués par le comité d'abattage et/ou le vétérinaire traitant et seront abattus si nécessaire. Veuillez inspecter soigneusement vos animaux à la maison. Le CSBA et le vétérinaire font de leur mieux pour assurer la santé et la bonne santé des animaux pendant la sélection à l'exposition, ils ne sont pas responsables des conditions qui peuvent survenir après l'événement.

La liste suivante énonce certains des caractéristiques physiques indésirables qui conduiront à la réforme d'un animal, mais elle n'est pas exhaustive de tous les motifs de réforme.

Le vétérinaire sur place évaluera l'animal :

1. Boiterie
2. Présence de parasites externes
3. Lésions d'ecthyma contagieux
4. Abscès
5. Entropion
6. Malformation scrotale : comprendra la palpation pour garantir l'uniformité des testicules, la présence d'épididymes et l'examen de la circonférence scrotale
7. Cote de condition physique inférieure ou égale à 2
8. Toute autre maladie qui concerne le vétérinaire

Le comité de sélection Classic évaluera l'animal en fonction des critères suivants :

1. Disclusion
2. La queue doit être amarrée à l'extrémité de la palmure caudale et doit recouvrir l'anus
3. Toute autre maladie qui concerne le comité

La comité de Classique de SCEM est autorisé régler tout différend en ce qui concerne la réforme et à interpréter les règles. Le comité sélectionne les normes de santé et de vente et non les normes de race. Ses décisions seront finales. Tous les animaux ayant été réformés doivent être immédiatement retirés de l'installation de vente.

CERTIFICATS D'ENREISTREMENT : Les certificats d'enregistrement originaux doivent être signés à l'endos pour le transfert et soumis au comité chargé des animaux de réforme. Cela vaut pour toutes les participations sans exception. À défaut de fournir les certificats d'enregistrement, l'animal sera exclu de la vente sans remboursement des droits d'entrée, et l'animal devra être retiré de l'installation de vente. Après la vente et le règlement financier, le bureau de la SCÉM traitera les transferts, et le coût sera déduit du produit de la vente du consignateur. Le document d'enregistrement transféré sera envoyé directement à l'acheteur par le SCEA.

IDENTIFICATION : Tous les animaux consignés doivent porter des tatouages lisibles ou des étiquettes PCIM jumelées. Il incombe au comité de réforme de confirmer que l'animal consigné porte l'identification indiquée sur le document d'enregistrement. Tous les animaux consignés doivent porter une étiquette PCIM, selon les règlements de l'ACIA. Les animaux qui ne répondent pas aux normes d'identification seront retirés de la vente et devront être retirés de l'installation de vente.

COMMISSION : La commission de vente est de 15%, avec les exceptions suivantes: la commission minimale sur les animaux qui se vendent sera de 60\$ et la commission maximale sur les animaux qui se vendent sera de 500\$. La commission sera déduite du produit du consignateur. Il y a un prix de base de 400 \$ en place.

VENTE CLASSIQUE CANADIENNE DU MOUTON – CONDITIONS

ACHETEURS : Les acheteurs doivent se procurer un numéro d'acheteur auprès du commis des ventes pour pouvoir enchérir à l'encan. Les acheteurs doivent donner leurs noms et prénoms, leur adresse, leur numéro de téléphone et leur adresse de courriel et indiquer exactement comment chaque animal doit être transféré.

CONDITIONS : Le paiement peut être fait au comptant ou par chèque personnel, carte de débit, Visa ou Mastercard. Les animaux ne pourront pas sortir de l'installation de vente avant le traitement du paiement. Les achats d'animaux payés par carte de crédit (VISA/MC) seront majorés de 3 %. Les documents d'enregistrement seront transférés lorsque les chèques personnels auront été compensés par la banque.

GARANTIE : Chaque consignateur garantit que le titre sur tous les animaux présentés à la vente est libre de toute charge.

Tous les animaux sont des géniteurs garantis s'ils sont manipulés de façon appropriée. Tous les mâles sont des géniteurs garantis. S'il s'avère que le bélier n'est pas un géniteur, la demande de rajustement doit être faite dans les 18 mois de la date de la vente. Un règlement est considéré comme satisfaisant s'il y a un remplacement par un autre bélier de valeur et d'état de santé équivalents, ou un remboursement du prix d'achat.

Le vendeur a le droit, s'il le désire, d'essayer un bélier pendant un maximum de 75 jours pour voir s'il est un géniteur satisfaisant, avant de faire le rajustement final.

Toutes les femelles sont des génitrices garanties. Si une femelle est âgée de 12 mois ou plus, n'est pas enceinte au moment de la vente et ne tombe pas enceinte au cours de la saison d'élevage en cours, l'acheteur a le droit de réclamer un rajustement au vendeur, par écrit, dans les 12 mois de la vente. Si une femelle de moins de 12 mois, qui n'est pas enceinte au moment de la vente, ne tombe pas enceinte au cours de la saison d'élevage en cours, l'acheteur devrait aviser le vendeur dans les 12 mois de la date de la vente, mais attendre de voir à nouveau si la brebis ne tombe pas enceinte dans ses premiers 24 mois, avant de réclamer un rajustement au vendeur, par écrit. Un règlement est considéré comme satisfaisant s'il y a un remplacement par une autre brebis de valeur et d'état de santé équivalents, ou un remboursement du prix d'achat.

L'acheteur doit aviser le vendeur dès qu'il y a une préoccupation au sujet d'un animal.

Il n'est pas garanti que la brebis exposée, à tout âge, même si elle est marquée avant la vente, est enceinte ou produira des agneaux vivants.

En aucun cas, le vendeur ne devra payer plus que le prix d'achat original de l'animal.

Le vendeur peut ordonner la commercialisation de l'animal et rembourser la différence entre le prix d'achat et la valeur marchande indiqués sur le reçu de vente.

Aucuns frais accessoires, par exemple, pour les aliments, les soins, etc. ne seront imposés par l'une ou l'autre partie au moment du règlement.

Tous les frais de transport sont à la charge de l'acheteur.

Aucun règlement ne sera final avant que le certificat d'enregistrement ne soit retiré ou signé et renvoyé au vendeur.

Le règlement de la garantie se fait entre le vendeur et l'acheteur, sous réserve des restrictions énoncées ci-dessus.

La Société canadienne des éleveurs de moutons et l'Association des moutons du Manitoba n'assument aucune responsabilité, expresse ou implicite, en ce qui concerne la garantie ou des restrictions énoncées ci-dessus.

VENTE CLASSIQUE CANADIENNE DU MOUTON – CONDITIONS

RISQUES/RETRAIT : Tous les animaux sont aux risques de l'acheteur, dès leur vente. La livraison doit avoir lieu à la conclusion de la vente. Tous les animaux doivent être retirés de la grange avant 20h, le samedi 12 juillet 2025.

ERREURS : Si des erreurs sont notées, des corrections seront apportées au kiosque d'encanteur. Toutes les annonces au moment de la vente, écrites ou verbales, l'emportent sur ce qui est écrit dans le catalogue.

RESPONSABILITÉ : La Société canadienne des éleveurs de moutons, l'Association des moutons du Manitoba, et leurs administrateurs, propriétaires et employés n'acceptent aucune responsabilité éventuelle. Il est rare qu'il y ait des accidents aux ventes de moutons, mais tous les participants assistent à leurs propres risques.

ANNOUNCEMENT ANNONCE

Information contained herein is presented on behalf of the seller. The CSBA and MSA cannot guarantee the information to be correct or assume the liabilities for errors and omissions. Buyers should verify the information to their own satisfaction. Any announcements made from the auction block on the day of the auction will take precedence over any matter in print and will be final.

Consignors are strongly encouraged to bring verification for all genotyping and genetic evaluation results published in the catalogue.

-

L'information fournie ici est présentée au nom du vendeur. La SCEM, et SEMRPQ ne peuvent garantir l'exactitude des renseignements ni assumer une quelconque responsabilité pour les erreurs ou omissions. Les acheteurs doivent vérifier les renseignements à leur propre satisfaction. Toutes les annonces diffusées depuis le comptoir de vente aux enchères le jour de la vente ont préséance sur l'information en version imprimée et seront définitives.

Les consignateurs sont vivement encouragés à apporter la vérification de tous les résultats de génotypage et d'évaluation génétique publiés dans le catalogue.

CLASSIC CODE OF CONDUCT CODE DE CONDUITE DE LA CLASSIQUE CANADIENNE

The All Canada Sheep Classic is a family-oriented event that showcases the sheep industry on a national level. Professional, courteous and kind behaviour towards all participants and attendees is expected at all times. Unprofessional or inappropriate behaviour will not be tolerated and may result in the offending party's immediate removal from the event and/or their suspension from CSBA.

-

La Classique canadienne événement axé sur la famille, offre une vitrine à l'industrie du mouton à l'échelle nationale. Un comportement professionnel, courtois et aimable envers tous les participants et les participants y est attendu en tout temps. Aucun comportement non professionnel ou inapproprié ne sera toléré et pourra entraîner l'exclusion immédiate de la partie contrevenante de l'événement et/ou sa suspension de la SCEM.

SELECTION STATION STATION DE SELECTION

All sheep will go through the selection station which will involve inspection by the Classic veterinarian, verification of CSIP tags, tattoos and registration. This will also include lot number branding. Please be prepared to lead your animals to the inspection station during the allocated hours. If you need assistance, there will be people available to help. Please see the barn boss for assistance.

Please have your registration papers ready with your lot number written at the top right hand corner of your page. Make sure your papers are signed.

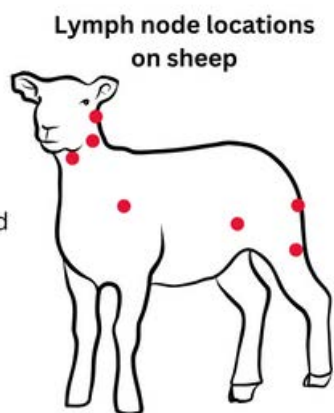

-

Tous les moutons passeront par le poste de selection qui comprendra une inspection par le Vétérinaire Classique, des médaillons CSIP, tatouages et enregistrement. Cela va aussi inclure la marque de numéro de lot. Soyez prêt à conduire vos animaux au poste de contrôle pendant les heures prévues. Si vous avez besoin d'aide, il y aura personnes disponibles pour aider. Veuillez consulter le patron de la grange pour obtenir de l'aide.

Veuillez preparer vos papiers d'enregistrement avec votre numéro de lot écrit en haut coin droit de votre page. Assurez-vous que vos papiers son signés!

Evaluation Areas during animal selection

- Entropion
- Teeth alignment
- Orf
- Tail length
- Scrotal health and circumference
- Lameness
- Lymph nodes

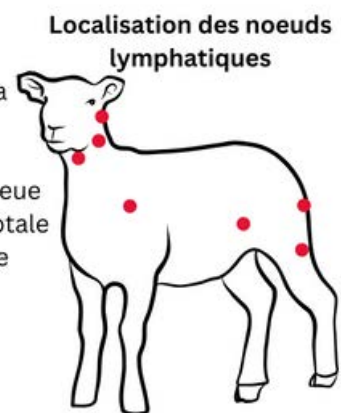

For more information visit www.sheepbreeders.ca

ROLAND "ROLLY"
 BATEMAN
 1953-2025

One of Rolly's favourite sayings about Canadian Arcotts was that they "are the best in every weigh," and this sentiment became the foundation of his Braebank flock. Rolly's legacy lies in his passion for sharing knowledge with others and mentoring young farmers on herd/flock breeding and development. Rest in peace, Rolly!

HUBER
AG EQUIPMENT
LTD.

Equipment solutions
to increase efficiency
in time, energy and
feed conversion

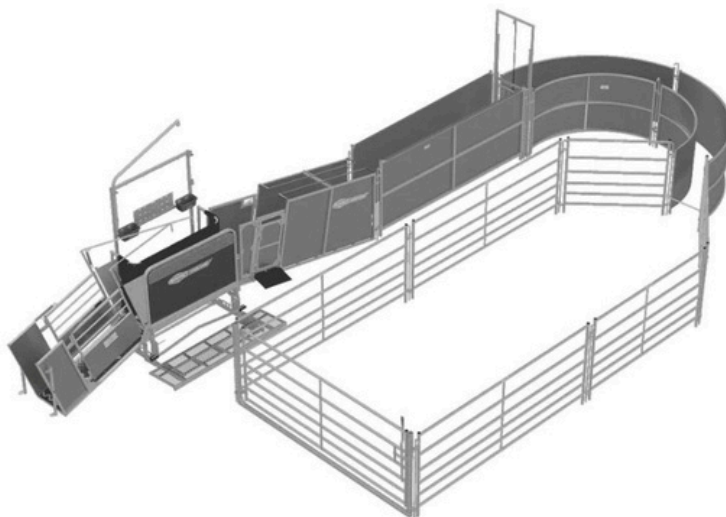

ADVANTAGE FEEDERS

- Controlled feeding
- Good for all ages and stages of sheep
- Better feed conversion with little and often feedings
- More gain with less grain
- No waste

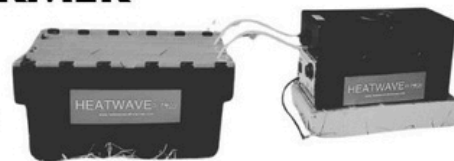

RITCHIE COMBI CLAMP

- Reduces Stress on Livestock
- Record breaking efficiency
- Able to weigh while processing
- Portable with no power needed
- Useful for: weighing, sorting, vaccinating, tagging, drenching, preg checking, hoof trimming, crutching, ultrasounding, etc.

HEATWAVE MILKWARMER

- Cost-Effective
- Easy to clean
- Priming pump & check valve
- Increase rate of growth

Genomics within your reach!

One sample, a wealth of information!

A single price = more than 83 traits/ diseases / defects

- Scrapie resistance
- Susceptibility to Maedi-Visna
- Genes related to fertility/prolificacy
- Genes related to muscling
- Horn genes
- Color genes
- Spider Lamb
- Several other genetic traits
- Sexing
- Parentage confirmation
- Inbreeding coefficient
- Genomic evaluation coming soon for breeders on GenOvis

*SEMRPQ members participating in the GenOvis project can benefit from a 50% subsidy.

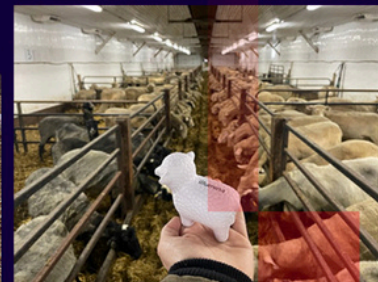

To complete the genotyping request form

www.semrpq.net

- A secure platform for your genomics and other data
- Our trained omics analysts give you access to the latest advances in artificial intelligence.
- Partnering with the SEMRPQ for structuring and hosting the genotypic database under a strict data governance framework protecting data ownership.

ADVANCING CANADIAN SHEEP GENOMICS WITH CANADIAN STRENGTHS

As genomics continues to transform livestock breeding, Canadian producers are embracing innovation to build healthier, more productive flocks.

At Génome Québec, we believe that Canada's leadership in agriculture should be supported by homegrown expertise. As a not-for-profit organization celebrating 25 years of scientific excellence, we offer **cutting-edge genomic services tailored to the needs of Canadian producers**—delivered by a Canadian team, in a Canadian lab.

- ✓ Proudly Canadian
- ✓ High-quality results
- ✓ Competitive pricing
- ✓ Rapid turnaround times

Whether you're improving genetic traits or strengthening the future of sheep farming in Canada, Génome Québec provides the genomic tools and support to help you get there—efficiently, affordably, and locally.

Together, let's harness Canada's strengths to power the next generation of agriculture.

The power of genomics in agriculture

Sheep Nutrition

Masterfeeds Sheep Nutrition Program provides comprehensive nutrition for all life-stages. We offer a variety of choices including milk replacers, starters, growers, premixes and supplements.

Thrive for success.

Successful showing starts with Masterfeeds GoalMaker™ Thrive.

With 15% protein to promote lean growth and 100% chelated trace minerals for higher absorption and bioavailability, Masterfeeds Thrive is your go-to feed for showing lambs. It contains high vitamin levels with buffer Yea-Sacc® and Actigen® to assist in stabilizing the gut and improving digestion. The main sources of grain in this pelleted formula are corn and barley with fibre coming from highly digestible sources such as soy hulls and dehydrated alfalfa.

For strong, healthy sheep and success in the ring. For *farming life* — Masterfeeds.

*For
farming
life.*

Sabrin Industries

Metal Fabrication & Design – Built for the Working Producer
Durable. Practical. Field-Tested.

Sabrin Industries specializes in high-quality sheep and goat equipment built to withstand the demands of real-world ranching. Located in Maple Creek, SK, we manufacture reliable feeding and handling solutions tailored to your operation's needs.

- Our Equipment Includes:
- Chopped Bulk Feeders – Swing-out end walls & drop-bottom design for fast, easy cleaning
 - Mineral Feeders – Weatherproof feeders in 3, 6, and 15-gallon sizes
 - Fence line Feeders – Standard and solar-electric lamb-proof options
 - Bunk Feeders – From basic wood/steel builds to fully-loaded all-metal systems
 - Custom Gate Latches – Designed for use with sheep or field fencing
 - Gates, panels, free standing panels, etc

We work closely with producers to ensure every piece is made with purpose, longevity, and ease of use in mind.
Spring & Summer builds booking now.
