# CANADIAN SHEEP GENETIC PROGRAM

FOR PUREBRED & COMMERCIAL PRODUCERS

## TOOLS & SERVICES

### MATING MODULE

- Inbreeding calculation of the progeny
- Validate inbreeding level before purchasing new animals already evaluated on GenOvis

### LOIN SCANNING SERVICE

- Not included in annual membership
- Select reproductive stock having better ability to produce more meat and less fat

### BENCHMARK YOUR FLOCK PERFORMANCE

- Compare you own performance with other canadian producers (EPD & genetic indexes)
- New report for commercial producers to come this year (benchmark)

### BREEDING VALUES WEEKLY UPDATED

- New breeding values available every Sunday morning

### PERSONALIZED SERVICES ON DEMAND

- Animal registration through CLRC
- Ram kinship
- Personalized export file
- Do you need a specific report? Contact us.

### DAIRY MODULE

- Milk weights & components
- Breeding values updated weekly
- New production report to come

THE CAMPAIGN FOR WOOL  
Patron: HM King Charles III

As global markets evolve, and challenges arise, the Canadian Wool Council works with our partners to ensure that Canadian wool producers and businesses remain competitive and have fair access to opportunities at home and abroad. Whether that's speaking to media, advocating to Governments or working with our global industry partners to find new suppliers and markets for Canadian wool, we advocate for our entire wool value chain.

CANADIAN  
WOOL COUNCIL  
CONSEIL CANADIEN  
DE LA LAINE

To join our Campaign, learn more about our work and stay in the loop on all the latest developments—subscribe to our newsletter at [campaignforwool.ca](http://campaignforwool.ca) or better yet, participate in one of our upcoming in-person industry events.

## Canadian Wool Conversations, October 7-8 in Calgary, AB

Our second annual wool value chain conference is coming to the foothills of the Rockies this year! We invite you to join us as we imagine how to repair and regenerate the Canadian wool economy — deepening our connection to nature, building greater value at home, and empowering one another to imagine, innovate, and dream bigger.

Tickets are now on sale. Special producer rate is available.

Find more information on our website: [campaignforwool.ca/canadian-wool-conversations](http://campaignforwool.ca/canadian-wool-conversations)

## Shop Canadian wool products directly from local businesses

For small online wool businesses, reaching customers is an ongoing challenge. With this directory, we make it easier for consumers to discover Canadian wool products—and to support small and medium-sized businesses across the country.

Scan the QR code and browse companies by product category or province, and access their online shops with a single click.

## WELCOME

### Greetings from the East Coast!

It's hard to believe that this time is upon us again. The last time we hosted the Classic was in 2018 in Truro, where has the time gone?! We've all been through some things since then, Covid, inflation, sky-rocketing gas prices, maybe a few extra pounds and a lot more grey hair, (at least for me). A lot of us look forward to this time of year, this gathering of Canada-wide sheep producers offers us time to get together, make friends, share stories, give advice and catch up with people that we haven't seen in quite some time.

Now that lambing is done for most of us, green pastures are lush and crops are being harvested, we are all excited to see you gather here in our wonderful little province for a sheep show and sale, and who are we kidding, some friendly competition.

For the first time ever, we are hosting the Sheep Classic in Pictou, Nova Scotia. A pristine little village on the Pictou Harbour, filled with history and character. Pictou is considered the Birthplace of New Scotland, appropriately named because of the Scottish immigrants that arrived here, starting in 1773 on the Ship Hector. If you take a little drive down to the waterfront, you will be able to see a replica of the ship docked in the harbour. Talk about history!

We hope you enjoy your stay here and take some time to do some exploring. July is a very hot, but beautiful time to visit Nova Scotia and surrounding Maritime provinces.

We want to wish everyone good luck and very safe travels while heading East, enjoy the scenery and we will see you when you get here.

Sincerely,

Holly Hines and Dianne Sinclair

# A CLASSIC WELCOME LA CLASSIQUE VOUS ACCUEILLE

## Welcome to the 2026 All Canada Sheep Classic

On behalf of the Canadian Sheep Breeders Association, it is my pleasure to welcome you to the 2026 All Canada Sheep Classic, being held in beautiful Pictou, Nova Scotia. The All Canada Sheep Classic is the premier national showcase of purebred sheep genetics in Canada. Each year, this event brings together breeders, exhibitors, buyers, and supporters from across the country to celebrate the quality, diversity, and versatility of the Canadian purebred sheep industry. From coast to coast, our producers continue to demonstrate their commitment to advancing genetics, strengthening breeds, and building the future of our industry.

This event is about more than a show ring, it is about the people behind Canadian sheep genetics. We are incredibly grateful to the consignors who bring forward their best animals, the buyers who invest in the future of their flocks, and the many sponsors, volunteers, and supporters who make this event possible. Your participation and dedication are what continue to make the All Canada Sheep Classic a highlight of the year for many Canadian sheep producers. Once again, we are happy to offer online viewing and purchasing opportunities through DLMS, ensuring that no matter where you are located, you can be part of the action. Whether you are evaluating genetics, supporting fellow breeders, or simply celebrating the achievements of our industry, we welcome you to be part of this national event.

Thank you to our hosts, the Purebred Sheep Breeders Association of Nova Scotia, and to everyone who has contributed their time and effort to making the 2026 All Canada Sheep Classic a success. We look forward to celebrating Canadian sheep genetics with you and continuing this great tradition. We also look ahead with excitement as the All Canada Sheep Classic makes its way west in 2027 to Vermilion, Alberta, continuing its journey of showcasing the strength and diversity of our sheep industry from coast to coast.

Welcome, and best wishes to all exhibitors and participants.

*Craig Emke*

Craig Emke  
Chair, Canadian Sheep Breeders  
Association

## Bienvenue à l'All Canada Sheep Classic 2026

Au nom de l'Association canadienne des éleveurs de moutons, j'ai le plaisir de vous souhaiter la bienvenue à l'All Canada Sheep Classic 2026, qui se tient dans la magnifique ville de Pictou, en Nouvelle-Écosse.

L'All Canada Sheep Classic est la vitrine nationale par excellence de la génétique ovine de race pure au Canada. Chaque année, cet événement rassemble des éleveurs, des exposants, des acheteurs et des partisans de partout au pays pour célébrer la qualité, la diversité et la polyvalence de l'industrie ovine de race pure canadienne. D'un océan à l'autre, nos producteurs continuent de démontrer leur engagement à faire progresser la génétique, à renforcer les races et à bâtir l'avenir de notre industrie.

Cet événement va bien au-delà du simple ring d'exposition; il met en vedette les personnes qui sont à l'origine de la génétique ovine canadienne. Nous sommes extrêmement reconnaissants envers les consignateurs qui présentent leurs meilleurs animaux, les acheteurs qui investissent dans l'avenir de leurs troupeaux, ainsi que les nombreux commanditaires, bénévoles et partisans qui rendent cet événement possible. C'est grâce à votre participation et à votre dévouement que l'All Canada Sheep Classic demeure un moment fort de l'année pour de nombreux éleveurs ovins canadiens. Une fois de plus, nous sommes heureux de vous offrir la possibilité de visionner et d'acheter en ligne par l'intermédiaire de DLMS, vous garantissant ainsi de pouvoir prendre part à l'événement, peu importe où vous vous trouvez. Que ce soit pour évaluer la génétique, soutenir vos collègues éleveurs ou simplement célébrer les réalisations de notre industrie, nous vous invitons à participer à cet événement national.

Merci à nos hôtes, l'Association des éleveurs de moutons de race pure de la Nouvelle-Écosse, ainsi qu'à tous ceux qui ont consacré leur temps et leurs efforts pour faire de l'All Canada Sheep Classic 2026 un succès. Nous avons hâte de célébrer avec vous la génétique ovine canadienne et de perpétuer cette grande tradition.

Nous envisageons également l'avenir avec enthousiasme, alors que l'All Canada Sheep Classic mettra le cap vers l'ouest en 2027 pour se rendre à Vermilion, en Alberta, poursuivant ainsi son parcours visant à mettre en valeur la force et la diversité de notre industrie ovine d'un océan à l'autre.

Bienvenue et nos meilleurs vœux à tous les exposants et participants.

*Craig Emke*

Président, Société canadienne des éleveurs de  
moutons

## **Welcome from the Nova Scotia Minister of Agriculture**

On behalf of the Government of Nova Scotia and the Department of Agriculture, I am pleased to welcome you to the 2026 All Canada Sheep Classic Show and Sale in Pictou, Nova Scotia.

As we welcome you to Nova Scotia, we acknowledge that this important event is being staged in region that has a long and celebrated history in sheep production. Nova Scotia is proud to host this year's event and to welcome visitors from across the country. For Nova Scotia producers, it's an opportunity to showcase their

work, connect and learn from others across the industry, and highlight the quality of their animals. Events like the Lamb and Lobster Banquet feature local products and producers and reflect the strong connection between agriculture and community here in Pictou.

Thank you to the Purebred Sheep Breeders Association of Nova Scotia, along with the many volunteers, sponsors, exhibitors, judges, and participants who have made this event possible.

I wish everyone a successful show, an enjoyable stay in Nova Scotia, and a memorable All Canada Sheep Classic.

Sincerely,  
Honourable Greg Morrow  
Minister of Agriculture

*More information to follow soon!*

# ALL CANADA SHEEP CLASSIC

HOSTED BY THE ALBERTA SHEEP BREEDERS ASSOCIATION

July 1-3, 2027

Vermillion, Alberta

# ALL CANADA SHEEP CLASSIC TERMS & CONDITIONS

**ORDER OF SALE:** Breeds will sell in the same order that they are listed in the show catalogue (alphabetical). Within each breed, the sale order will be Champion Ewe, yearling ewes, fall ewe lambs, spring ewe lambs, Champion Ram, yearling rams, fall ram lambs, spring ram lambs. Within each class, animals will be sold by the order of their placing in the show.

**HEALTH AND SOUNDNESS:** All animals will be rigidly assessed by the culling committee and/or the attending veterinarian and culled if necessary. Please inspect your animals carefully at home. The CSBA and the veterinarian do their best to ensure the health and soundness of animals during the selection at the show, they are not liable for conditions that may arise after the event.

The following list outlines some of the undesirable physical traits will serve as cause for an animal to be culled but does not exclude other reasons that an animal may be culled.

The veterinarian on site will assess the animal for:

1. Lameness
2. Presence of external parasites
3. Orf lesions
4. Abscess
5. Entropion
6. Scrotal malformation: will include palpation to ensure uniform testicles, the presence of epididymides, and scrotal circumference review
7. Body condition score of less than 3
8. Any other condition that concerns the veterinarian

The Classic selection committee will assess the animal for:

1. Malocclusion / Dental Alignment
2. Tails must be docked at the end of the caudal fold and must cover the anus
3. Excessive wool length
4. Any other condition that concerns the committee including extreme conformational issues (ex. collapsed pasterns, poor hind end structure, etc.). Examples and photos of non-desirable traits can be found in CSBA's Conformation Booklet.

The CSBA Classic committee is authorized to settle any and all disputes regarding culling and to interpret the rules. The committee culls based on health and sale standards, not breed standards. Their decision will be final. All animals that have been culled must be immediately removed from the sale facility.

**REGISTRATION CERTIFICATES:** Original registration certificates (or transfer forms for breeders using Paperless Registrations) must be signed on the back for transfer and submitted to the culling committee. This applies to all entries with no exception. Failure to supply the registration certificates will cause the animal to be excused from the sale without a refund of entry fee and the animal must be removed from the sale facility. Following the sale and financial settlement, the CSBA office will process transfers, and the cost will be deducted from the consignor's sale proceeds. The transferred registration paper will be sent directly to the buyer from the CLRC.

**IDENTIFICATION:** All consigned animals must either bear legible tattoos or paired CSIP tags. Confirmation that the identification stated on the registration paper is borne by the consigned animal is the responsibility of the culling committee. All consigned animals must bear a CSIP tag according to CFIA regulations. Animals failing to meet the identification standards will be culled from the sale and must be removed from the sale facility.

**COMMISSION:** Sale commission is 15%, with the following exceptions: the minimum commission on animals that sell will be \$60 and the maximum commission on animals that sell will be \$500. Sale commission will be deducted from the consignor's proceeds. There is a \$400 floor price in place.

## **TERMS & CONDITIONS (con't)**

**BUYERS:** Buyers must obtain a buyer's number from the salesclerk before they are eligible to bid in the auction. Buyers must provide their full name, address, telephone number and email address and indicate exactly how each animal is to be transferred.

**TERMS:** Payment may be made by cash, personal cheque, debit card, Visa or Mastercard or e-transfer. Animals will not be released from the sale facility until payment is processed. Registration papers will be transferred when personal cheques have cleared the bank. Any animals purchased by credit card (VISA/MC) will be subject to an additional 3% fee.

**GUARANTEE:** Each consignor guarantees clear right and title to all animals that present for sale. All animals are guaranteed breeders, if properly handled.

All males are guaranteed breeders. Should any ram fail to prove to be a breeder, any claim for adjustment must be made within 18 months of the date of sale. A satisfactory settlement shall be deemed to be replacement with another ram of equal value and health status or refund of purchase price.

The seller shall have the right, if so desired, to try a ram for as much as 75 days to determine whether he is a satisfactory breeder, before making final adjustment.

All females are guaranteed breeders. Should any female 12 months of age or older, not pregnant at the time of sale, fail to become pregnant during the current breeding season, the purchaser has the right to claim adjustment in writing to the seller within 12 months of the sale. Should any female younger than 12 months of age and not pregnant at the time of sale, fail to become pregnant during the current breeding season, the purchaser should notify the seller within 12 months from the date of sale, but wait to see if the ewe again fails to become pregnant by 24 months of age, before claiming adjustment in writing to the seller. Satisfactory settlement shall be deemed to be replacement with another ewe of equal value and health status or refund of purchase price.

The purchaser shall notify the seller as soon as any concern with an animal arises.

Exposed ewes of any age, even if marked prior to sale, are not guaranteed to be pregnant or produce living lambs.

Under no conditions will the seller be liable for more than the original purchase price of the animal.

The seller may direct the marketing of the animal and refund the difference between the purchase price and the market value as shown on the sales receipt.

No incidental expenses, such as feed, care, etc. will be charged by either party when making settlement.

All transportation charges are the responsibility of the buyer.

No settlement will be completed until the registration certificate is retired or endorsed and returned to the seller.

Any settlement of such guarantee is between the seller and buyer and is subject to the restrictions set out above. The Canadian Sheep Breeders' Association and the provincial Classic committee assume no responsibility, expressed or implied, with respect to this guarantee or the restrictions set out above.

**RISK/REMOVAL:** All animals are at purchaser's risk as soon as sold. Delivery must be taken at conclusion of sale. All animals must be removed from the barn by 8:00 PM on Saturday July 11, 2026.

**ERRORS:** If any errors are noted, corrections will be made from the auction stand. All announcements at sale time, written or oral, supersede any material written in this catalogue.

**LIABILITY:** The Canadian Sheep Breeders' Association and the Purebred Sheep Breeders Association of Nova Scotia, and their directors, owners and employees accept no liability that may occur. Accidents at sheep sales are very rare, but all attending must do so at their own risk.

## VENTE CLASSIQUE CANADIENNE DU MOUTON – CONDITIONS

**ORDRE DE VENTE :** Les races se vendront dans leur ordre d'énumération au catalogue de l'exposition (alphabétique). Dans chaque race, l'ordre de vent sera Brebis championne, Brebis d'un an, Agnelles d'automne, Agnelles de printemps, Bélier champion, Béliers d'un an, Béliers d'automne et Béliers de printemps. Dans chaque catégorie, les animaux seront vendus selon leur ordre de placement dans l'exposition.

**SANTÉ et SOLIDITÉ :** Tous les animaux seront rigoureusement évalués par le comité sélection et/ou le vétérinaire traitant. Veuillez inspecter soigneusement vos animaux à la maison. La CSBA et le vétérinaire font de leur mieux pour assurer la santé et la bonne santé des animaux pendant la sélection à l'exposition, ils ne sont pas responsables des conditions qui peuvent survenir après l'événement.

La liste suivante énonce certains des caractéristiques physiques indésirables qui conduiront à la réforme d'un animal, mais elle n'est pas exhaustive de tous les motifs de réforme.

Le vétérinaire sur place évaluera l'animal :

1. Boiterie
2. Présence de parasites externes
3. Lésions d'ecthyma contagieux
4. Abscès
5. Entropion
6. Malformation scrotale : comprendra la palpation pour garantir l'uniformité des testicules, la présence d'épididymes et l'examen de la circonférence scrotale
7. Cote de condition physique de 3 ou moins
8. Toute autre maladie qui concerne le vétérinaire

Le comité de sélection Classic évaluera l'animal en fonction des critères suivants :

1. Disclusion
2. La queue doit être amarrée à l'extrémité de la palmure caudale et doit recouvrir l'anus
3. Longueur excessive de la laine
4. Toute autre condition préoccupant le comité, y compris les problèmes de conformation extrêmes (par exemple, paturons affaiblis, mauvaise structure de l'arrière-train, etc.). Vous trouverez des exemples et des photos de traits indésirables dans le livret sur la conformation de la SCÉM.

Le comité de Classic de SCÉM est autorisé régler tout différend en ce qui concerne la réforme et à interpréter les règles. Le comité sélectionne les normes de santé et de vente et non les normes de race. Ses décisions seront finales. Tous les animaux ayant été réformés doivent être immédiatement retirés de l'installation de vente.

**CERTIFICATS D'ENREISTREMENT :** Les certificats d'enregistrement originaux (ou les formulaires de transfert pour les éleveurs utilisant les enregistrements électroniques) doivent être signés au verso pour le transfert et soumis au comité d'abattage. Cela s'applique à toutes les inscriptions sans exception. Si les certificats d'enregistrement ne sont pas fournis, l'animal sera exclu de la vente sans remboursement des frais d'inscription et devra être retiré du lieu de vente. Après la vente et le règlement financier, le bureau de la SCÉM traitera les transferts et le coût sera déduit du produit de la vente du consignateur. Le document d'enregistrement transféré sera envoyé directement à l'acheteur par le SCEA.

**IDENTIFICATION :** Tous les animaux consignés doivent porter des tatouages lisibles ou des étiquettes PCIM jumelées. Il incombe au comité de réforme de confirmer que l'animal consigné porte l'identification indiquée sur le document d'enregistrement. Tous les animaux consignés doivent porter une étiquette PCIM, selon les règlements de l'ACIA. Les animaux qui ne répondent pas aux normes d'identification seront retirés de la vente et devront être retirés de l'installation de vente.

**COMMISSION :** La commission de vente est de 15%, avec les exceptions suivantes: la commission minimale sur les animaux qui se vendent sera de 60\$ et la commission maximale sur les animaux qui se vendent sera de 500\$. La commission sera déduite du produit du consignateur. Il y a un prix de base de 400 \$ en place.

# VENTE CLASSIQUE CANADIENNE DU MOUTON - CONDITIONS

**ACHETEURS:** Les acheteurs doivent se procurer un numéro d'acheteur auprès du commis des ventes pour pouvoir enchérir à l'encan. Les acheteurs doivent donner leurs noms et prénoms, leur adresse, leur numéro de téléphone et leur adresse de courriel et indiquer exactement comment chaque animal doit être transféré.

**CONDITIONS :** Le paiement peut être fait au comptant ou par chèque personnel, carte de débit, Visa ou Mastercard. Les animaux ne pourront pas sortir de l'installation de vente avant le traitement du paiement. Les achats d'animaux payés par carte de crédit (VISA/MC) seront majorés de 3 %. Les documents d'enregistrement seront transférés lorsque les chèques personnels auront été compensés par la banque.

**GARANTIE :** Chaque consignateur garantit que le titre sur tous les animaux présentés à la vente est libre de toute charge.

Tous les animaux sont des géniteurs garantis s'ils sont manipulés de façon appropriée.

Tous les mâles sont des géniteurs garantis. S'il s'avère que le bélier n'est pas un géniteur, la demande de rajustement doit être faite dans les 18 mois de la date de la vente. Un règlement est considéré comme satisfaisant s'il y a un remplacement par un autre bélier de valeur et d'état de santé équivalents, ou un remboursement du prix d'achat.

Le vendeur a le droit, s'il le désire, d'essayer un bélier pendant un maximum de 75 jours pour voir s'il est un géniteur satisfaisant, avant de faire le rajustement final.

Toutes les femelles sont des génitrices garanties. Si une femelle est âgée de 12 mois ou plus, n'est pas enceinte au moment de la vente et ne tombe pas enceinte au cours de la saison d'élevage en cours, l'acheteur a le droit de réclamer un rajustement au vendeur, par écrit, dans les 12 mois de la vente. Si une femelle de moins de 12 mois, qui n'est pas enceinte au moment de la vente, ne tombe pas enceinte au cours de la saison d'élevage en cours, l'acheteur devrait aviser le vendeur dans les 12 mois de la date de la vente, mais attendre de voir à nouveau si la brebis ne tombe pas enceinte dans ses premiers 24 mois, avant de réclamer un rajustement au vendeur, par écrit. Un règlement est considéré comme satisfaisant s'il y a un remplacement par une autre brebis de valeur et d'état de santé équivalents, ou un remboursement du prix d'achat.

L'acheteur doit aviser le vendeur dès qu'il y a une préoccupation au sujet d'un animal.

Il n'est pas garanti que la brebis exposée, à tout âge, même si elle est marquée avant la vente, est enceinte ou produira des agneaux vivants.

En aucun cas, le vendeur ne devra payer plus que le prix d'achat original de l'animal.

Le vendeur peut ordonner la commercialisation de l'animal et rembourser la différence entre le prix d'achat et la valeur marchande indiqués sur le reçu de vente.

Aucuns frais accessoires, par exemple, pour les aliments, les soins, etc. ne seront imposés par l'une ou l'autre partie au moment du règlement.

Tous les frais de transport sont à la charge de l'acheteur.

Aucun règlement ne sera final avant que le certificat d'enregistrement ne soit retiré ou signé et renvoyé au vendeur.

Le règlement de la garantie se fait entre le vendeur et l'acheteur, sous réserve des restrictions énoncées cidessus.

La Société canadienne des éleveurs de moutons et le Purebred Sheep Breeders Association of Nova Scotia n'assument aucune responsabilité, expresse ou implicite, en ce qui concerne la garantie ou des restrictions énoncées ci-dessus.

**RISQUES/RETRAIT :** Tous les animaux sont aux risques de l'acheteur, dès leur vente. La livraison doit avoir lieu à la conclusion de la vente. Tous les animaux doivent être retirés de la grange avant 20h, le samedi 11 juillet 2026.

**ERREURS :** Si des erreurs sont notées, des corrections seront apportées au kiosque d'encanteur. Toutes les annonces au moment de la vente, écrites ou verbales, l'emportent sur ce qui est écrit dans le catalogue.

**RESPONSABILITÉ :** La Société canadienne des éleveurs de moutons, Association des éleveurs de moutons de race pure de Nouvelle-Écosse, et leurs administrateurs, propriétaires et employés n'acceptent aucune responsabilité éventuelle. Il est rare qu'il y ait des accidents aux ventes de moutons, mais tous les participants assistent à leurs propres risques.

## **ANNOUNCEMENT ANNONCE**

Information contained herein is presented on behalf of the seller. The CSBA and PSBANS cannot guarantee the information to be correct or assume the liabilities for errors and omissions. Buyers should verify the information to their own satisfaction. Any announcements made from the auction block on the day of the auction will take precedence over any matter in print and will be final.

Consignors are strongly encouraged to bring verification for all genotyping and genetic evaluation results published in the catalogue.

-

L'information fournie ici est présentée au nom du vendeur. La SCEM, et PSBANS ne peuvent garantir l'exactitude des renseignements ni assumer une quelconque responsabilité pour les erreurs ou omissions. Les acheteurs doivent vérifier les renseignements à leur propre satisfaction. Toutes les annonces diffusées depuis le comptoir de vente aux enchères le jour de la vente ont préséance sur l'information en version imprimée et seront définitives.

Les consignateurs sont vivement encouragés à apporter la vérification de tous les résultats de génotypage et d'évaluation génétique publiés dans le catalogue.

## **CLASSIC CODE OF CONDUCT CODE DE CONDUITE DE LA CLASSIQUE CANADIENNE**

The All Canada Sheep Classic is a family-oriented event that showcases the sheep industry on a national level. Professional, courteous and kind behaviour towards all participants and attendees is expected at all times. Unprofessional or inappropriate behaviour will not be tolerated and may result in the offending party's immediate removal from the event and/or their suspension from CSBA.

-

La Classique canadienne événement axé sur la famille, offre une vitrine à l'industrie du mouton à l'échelle nationale. Un comportement professionnel, courtois et aimable envers tous les participants et les participants y est attendu en tout temps. Aucun comportement non professionnel ou inapproprié ne sera toléré et pourra entraîner l'exclusion immédiate de la partie contrevenante de l'événement et/ou sa suspension de la SCEM.

## SELECTION STATION STATION DE SÉLECTION

All sheep will go through the selection station which will involve inspection by the Classic veterinarian, verification of CSIP tags, tattoos and registration. This will also include lot number branding. Please be prepared to lead your animals to the inspection station during the allocated hours. If you need assistance, there will be people available to help. Please see the barn boss for assistance.

Please have your registration papers ready with your lot number written at the top right hand corner of your page. Make sure your papers are signed.

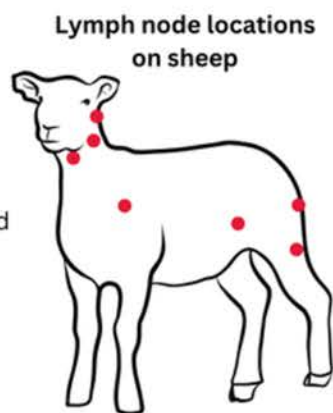

-

Tous les moutons passeront par le poste de selection qui comprendra une inspection par le Vétérinaire Classique, des médaillons CSIP, tatouages et enregistrement. Cela va aussi inclure la marque de numéro de lot. Soyez prêt à conduire vos animaux au poste de contrôle pendant les heures prévues. Si vous avez besoin d'aide, il y aura personnes disponibles pour aider. Veuillez consulter le patron de la grange pour obtenir de l'aide.

Veuillez preparer vos papiers d'enregistrement avec votre numéro de lot écrit en haut coin droit de votre page. Assurez-vous que vos papiers son signés!

### Evaluation Areas during animal selection

- Entropion
- Teeth alignment
- Orf
  
- Tail length
- Scrotal health and circumference
  
- Lameness
  
- Lymph nodes

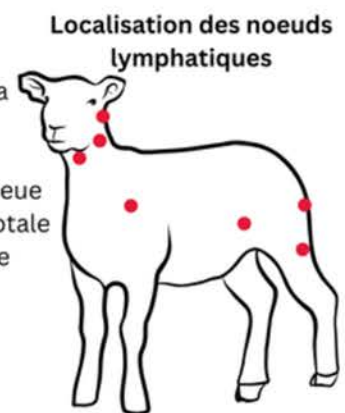

For more information visit [www.sheepbreeders.ca](http://www.sheepbreeders.ca)

### Domaines d'évaluation lors de la sélection des animaux

- Entropion
- Disclusion
- Lésions d'ecthyma contagieux
  
- Longueur de la queue
- Malformation scrotale et la circonférence scrotale
  
- Boiterie
  
- Noeuds lymphatiques

pour plus d'informations visitez le site [www.sheepbreeders.ca](http://www.sheepbreeders.ca)

The platform is  
lead by breeders

## Genomics within your reach!

### One sample, a wealth of information!

A single price\* = more than 83 traits/ diseases / defects

\* Participating GenOvis breeders receive a 50% subsidy

- Scrapie resistance
- Susceptibility to Meadi-visna
- Fertility
- Muscling
- Horn/polled
- Color genes
- Spider Lamb
- Many other genetic traits

### Unequaled parentage testing

- Near-absolute confidence with a 63K SNP panel
- True parents identifiable if genotyped
- Closest relatives identified when true parent is not genotyped

### Genomics-based inbreeding coefficients coming soon on reports

- True measurement of genetic diversity

### Genomic breeding values coming soon on GenOvis\*\*

\*\*For breeds with sufficient reference populations

# Overview of the Genotyping Platform

## The central coordinator

- Designed by breeders, for breeders.
- Led by the SEMRPQ
- Genotyping payments are made to the SEMRPQ, which pays the Centre d'expertise et de services Génome Québec.
- As of July 2027, samples will also be handled by the SEMRPQ

 Société des éleveurs de moutons  
de race pure du Québec

## The SNP Chip

illuminia:  
The Global Standard in SNP Chip Technology

- Global Leader in SNP Chip Technology
- One of Two Global SNP Chip Manufacturers
- Leading SNP Chip Solutions for Agriculture
- World Leader in Agricultural Genotyping Solutions
- Powering SNP Technology Worldwide
- Custom SNP Chip design owned by SEMRPQ

illumina

## The genotyping service platform

Genome Québec's CES:  
An internationally recognized pole of excellence in genomics

- Genome Québec's CES service platform @ CHU Sainte-Justine (Montreal)
- High-quality genomics services (health, agrifood, forestry)
- Supporting academia & industry in 45 countries
- Sequencing, genotyping, gene expression
- Fast turnaround, competitive pricing
- Pursuing ISO accreditation to enable international exports

25 years of excellence in  
genomics

## The data structuring and analysis platform

- Université Laval-based platform
- Expert team in databases, systems, bioinformatics, and data curation
- Part of a Canadian data hub federation, including UofG's Agri-food Data Canada
- Serving academic, private, non-profit, and government sectors
- Custom, client-driven services
- Leader in data governance, ownership, and protection
- Private client portal coming soon

Genovialix

### 1 SHEEP BREEDERS COLLECTING SAMPLES ON FARMS

- Simple and humane ear biopsies
- Individual identification
- High-quality samples

Canadian Sheep Breeders

### 2 SAMPLES SENT TO UNIVERSITÉ LAVAL

- Samples arrive at Université Laval
- Quality check and logging
- Aggregation from multiple breeders

### 3 BATCH SHIPMENT TO GÉNOME QUÉBEC IN MONTRÉAL

- Batches of 48 samples
- Secure and traceable shipment
- Transport to Montréal

Génome Québec  
Centre d'expertise  
et de services  
Génome Québec  
Montréal

### 8 RETURN OF RESULTS TO SHEEP BREEDERS

- Actionable genomic insights
- Better selection decisions
- Genetic progress
- More profitable and sustainable flocks

## SHEEP GENOTYPING

Science. Collaboration. Innovation.  
Better Breeding. Better Future.

### 4 DNA EXTRACTION AND SNP GENOTYPING PROCESS

- Automated DNA extraction
- Custom Illumina 24-sample BeadChip SNP array
- High-throughput and quality control

Illumina

### 7 GENERATION OF BREEDER REPORTS AND RESULTS

- Traits: fertility, muzzling, horns, polled, color, etc.
- Genetic defects: Spider Lambs and other known diseases
- Disease susceptibility: scrapie, Mauld-vina
- Percentage testing
- Inbreeding coefficients: Genomics-assisted genetic merit values (coming soon)
- Easy-to-interpret reports

### 6 AUTOMATIC UPLOAD TO DATAHUB AT UNIVERSITÉ LAVAL

- Secure and automated data transfer
- Genomic data storage and management
- High-performance computing and analytics
- Bioinformatics pipelines
- Data security and governance

UNIVERSITÉ LAVAL

### 5 GENERATION OF 63,000 GENOTYPES PER ANIMAL

- ~63,000 SNPs per animal
- High-density genomic data
- Quality, accuracy and consistency

63,000  
GENOTYPES  
PER ANIMAL

**Selling or buying Purebred Registered Sheep?**

The Canadian Sheep Breeders' Association (CSBA) is dedicated to representing the Purebred Sheep Breeders across Canada. **Purebred Registered Sheep** signifies they have been registered with the Canadian Livestock Records Corporation (CLRC) and a certificate of registration will be provided with the sale of the animal. These records can be found online at [www.clrc.ca](http://www.clrc.ca) and is the responsibility of the seller to pay for and initiate the transfer of the registration to the buyer.

These records will indicate the pedigree information and ownership status. We encourage you to confirm the animals you are interested in, are in fact **purebred registered animals**.

*Under the Animal Pedigree Act, it is an offense to offer to sell, contract to sell or sell, as a purebred, any animal that is not registered or eligible to be registered as a purebred by the association authorized to register animals of that breed or by the Corporation.*

If you are interested in purchasing any animals or are new to the industry, don't hesitate to reach out to any of the CSBA Board of Directors. CSBA is an organization of over 1100 breeders of purebred sheep across Canada, representing over 40 breeds of sheep.

Canadian  
Sheep  
Federation

# Keeping Canada's Sheep Industry Viable, Resilient, and Represented

A strong sheep sector doesn't happen by accident. It takes national coordination, practical programs, and producer-focused leadership.

The **Canadian Sheep Federation** works with sheep organizations across Canada to support producers where individual farms and provinces cannot act alone—on animal health, regulation, emergency preparedness, market access, and long-term industry sustainability.

## PROTECTING ANIMAL HEALTH

Strengthening preparedness, welfare, and disease response systems.

## REDUCING REGULATORY FRICTION

Bringing producer realities into national policy and program development.

## EXPANDING MARKET OPPORTUNITY

Representing Canadian sheep producers in the forums where future access and trade are shaped.

**BUILT BY PRODUCERS. FOCUSED ON THE LONG TERM.**
