5. Animals must show in order to sell, and all animals shown must be offered for sale, unless disqualified due to injury or sickness.
6. **Please enter online at www.sheepbreeders.ca using the Assist Expo platform. The online system links directly with the CLRC to make the entry process easier and accurate. At the time of entry, include GenOvis or Genomic testing results. Please bring your certificates to the sale.**

Due to the enormous success of the online sales in the sheep industry over recent years, CSBA requires that all Classic entries with the exception of Leicester, Lincoln, Romney, Cotsworld, Rambouillet, Columbia, Corriedale, Targhee, or hair breeds be slick shorn for pictures, videos submitted to the DLMS platform. This process allows the buyers to see exactly what they are buying without varying fleece lengths.

October 2025 – The following breeds **are to be slick shorn, with no longer than ½ inch of wool, uniform across the body**. Heads and legs from the hock and knee down will be left to breeder discretion: Canadian Arcott, Outaouais Arcott, Rideau Arcott, Border Cheviot, Charollais, Clun Forest, Dorper, Dorset, Hampshire, Ile de France, North Country Cheviot, Oxford Down, Polypay, Romanov, Shropshire, Southdown, Suffolk and Texel. Animals must be washed, dry and clean before inspection.

Sheep will be culled if deemed to have greater than 1 inch of wool on any part of the body, or if dirty.

Deadline for photos is Monday, June 22, 2026. Wool breeds are encouraged to send pictures or videos of parted fleece along with complete animal shots. Photo and video clips will be included in the online DLMS catalogue.
