Petitioner, SCOTT J. KIPPER, COMMISSIONER OF INSURANCE, STATE OF NEVADA as Receiver ("Commissioner" or "Receiver") for FRIDAY HEALTH PLANS OF NEVADA, INC. ("Friday Health"), and Ellingson & Associates, LLC, as Special Deputy Receiver ("SDR"), file this seventh quarterly Status Report ("Report"). Pursuant to this Court's orders and NRS Chapter 696B, the Receiver makes this "true report[s] in summary form of the insurer's affairs under the receivership and of progress being made in accomplishing the objectives of the receivership." NRS 696B.290(7).

I. INTRODUCTION AND BACKGROUND

Friday Health is a Nevada-domiciled insurer offering life and health products and health insurance. In 2022, the Nevada Division of Insurance ("Division") required Friday Health to infuse capital to increase its total capital and surplus.¹ Despite the infusion, Friday Health's financial filings with the Division suggested that its capital was insufficient, and it was in financial distress. The Commissioner of Insurance thus initiated delinquency proceedings with Friday Health's consent due to concerns about Friday Health's financial condition.

On June 12, 2023, the Court entered an order, authorizing the Receiver to assume control over Friday Health and attempt rehabilitation ("Receivership Order"). Subsequent to the Receivership Order, the SDR worked to obtain records relating to Friday Health including information regarding policyholders, claims status, and the company's financial records. Upon review of the same, the Receiver determined that Friday Health could not be rehabilitated as it was unable to meet financial obligations as they become due and continuing operations would result in further depletion of the limited remaining assets to the detriment of the company, policyholders, creditors and public. As a result, this Court entered an order on June 25, 2023, finding Friday Health to be insolvent and placing Friday Health into liquidation as of September 1, 2023.

II. Receivership Administration

A. Liquidation, Policy Cancellation and Claims Processing

As referenced in previous status reports, all Friday Health policies terminated on August 31, 2023. Prior to the termination date, the SDR worked diligently to provide notice to those affected and provided resources to assist in finding replacement policies.

¹ Friday Health is one of several related companies scattered across the United States offering health insurance, all of which are also in ongoing receivership due to financial inadequacy. As further detailed in the Petition for Appointment of Receiver and exhibits thereto, Friday Health is a subsidiary of Friday Health Plans Management Services Company, Inc. ("FHP Parent"), which is licensed as a non-resident third-party administrator in Nevada, and as a non-resident producer firm in Nevada. FHP Parent is a subsidiary of Friday Health Plans, Inc. ("FHP Ultimate Parent"), a Delaware company located in Colorado. FHP Parent and FHP Ultimate Parent have other "Friday Health Plan" insurance companies in other states, including Colorado, Texas, Georgia, Oklahoma, and North Carolina (collectively, "FHP Companies"). FHP Ultimate Parent operated the FHP companies which are all now subject to receivership proceedings.

On April 29, 2024, the Court issued an order Setting Claiming Filing Deadline and Granting Related Relief. The order set a formal claim administration process including a claims filing deadline of July 31, 2024. As of the date of this report, 118 proof of claims have been received by SDR and the SDR is reviewing and processing the same.

In the interim, the Nevada Life & Health Insurance Guaranty Association² ("Guaranty Association") has been activated and is working closely with the SDR to pay Friday Health's claims while providing coverage to Nevada's resident policyholders pursuant to the provisions of NRS 686C. As of December 31, 2024, the Guaranty Association has paid over 13,178 health claims in the amount of \$12,092,310 and pharmacy benefits in the amount of \$1,487,000. The Guaranty Association has fewer than 100 remaining claims to process and is assisting the Receiver with proof of claim review. Providers continue to submit a small number of claims and appeals on a daily basis.

The Receiver filed a Motion Requesting Approval of Early Access Agreement and Payments to the Guaranty Association. The Court issued an order approving the Early Access Agreement and Payments to the Guaranty Association on December 19, 2024 ("Early Access Order"). The Receiver made a \$2,500,000 payment to the Guaranty Association on December 27, 2024, as contemplated by the Early Access Order.

B. Assignment for the Benefit of Creditors

Friday Health Plans Management Services Company, Inc. ("MSC") provided all operational and management services to the various Friday Health plans pursuant to a management services agreement. The MSC Board of Directors and Officers retained and authorized consultants to redomesticate MSC to Delaware. MSC and its corporate parent Friday Health Plans, Inc. commenced an Assignment for the Benefit of Creditors proceeding in the Court of Chancery for the State of

² The Guaranty Association is "a statutory entity created in 1973 when the Nevada legislature enacted the Nevada Life and Health Insurance Guaranty Association Act. The Guaranty Association is composed of all insurers licensed to sell life insurance, accident and health insurance, and individual annuities in the state of Nevada. In the event a member insurer is found to be insolvent and is ordered to be liquidated by a court, the Guaranty Association Act enables the Guaranty Association to provide protection (subject to the exclusions and limits spelled out in the Act) to Nevada residents who are holders of life and health insurance policies and individual annuities with the insolvent insurer." www.nvlifega.org

Delaware ("ABC Proceeding"). MSC ceased active operations on July 6, 2023, leaving the Receivers to reconstruct the network of vendor agreements and secure critical employees necessary to the continued operations of the estates. MSC violated its management services agreements to provide services to the Friday Health companies. MSC is attempting to dispose of assets belonging to the Friday Health estates in the ABC Proceeding in violation of multiple receivership court injunctions. Due to concerns regarding the scope of the ABC Proceeding and certain representations made therein regarding the control of assets that include Friday Health assets, the decision was made to work jointly with the other state receivers to contest the ABC action and collectively assert state receivership rights in the ABC Proceeding. The SDRs participated in an in-person mediation with MSC and its corporate parent Friday Health Plans, Inc. on January 8, 2025. The mediation ended without a resolution of the issues. However, as of the date of this report, both parties are continuing mediation efforts.

C. Reinsurance

Friday Health participated in two reinsurance agreements. The SDR received notice from AXA France Vie of their attempt to avoid certain liabilities owed to Friday Health under the parties January 1, 2021, quota share reinsurance agreement. The SDR is currently evaluating the reinsurer's claims. The second reinsurance agreement with Odyssey Re is currently performing while both parties participate in commutation discussions.

D. Receivership Assets and Liabilities

The Receiver continues to gather information and evaluate Friday Health's assets and liabilities. The SDR worked diligently to obtain access to and control of Friday Health bank accounts. The SDR has prepared a liquidating balance sheet for submission to the Court. The liquidating balance sheet is an estimate of assets and liabilities. The SDR makes no representations or warranties. Cash on hand as of December 31, 2024, was \$2,838,785. *See*, **Exhibit A.**

Professional invoices for services and expenses have been reviewed and placed in line for payment by the Receiver and paid in accordance with this Court's approved process and a summary

Ε. **Receivers Allocation of Common Costs**

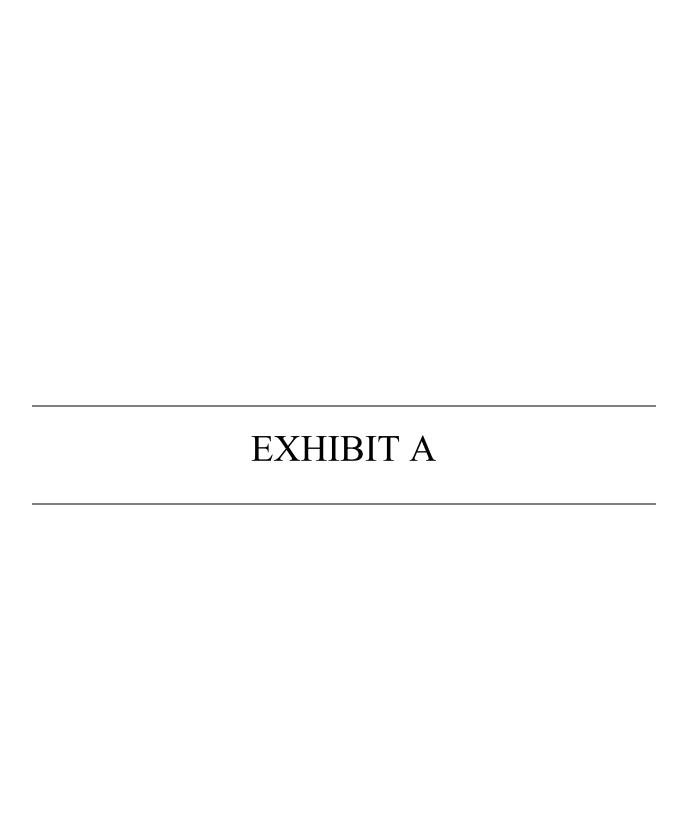

As outlined above, MSC provided all operational and management services to the various Friday Health plans pursuant to a management services agreement including entering into all contracts with vendors. The Receivers had to develop a methodology for the continuation of services each vendor rendered prior to the receiverships. The SDR has reached an agreement with the Receivers for the Friday Health estates from Colorado, Georgia, North Carolina, and Oklahoma to fairly and equitably distribute common costs and assets for coordinated activities of the group. Additionally, the Guaranty Associations for the states of Colorado, Georgia, North Carolina, Nevada, Oklahoma and Texas have signed onto the agreement. Coordination and cooperation of the Receivers and Guaranty Associations was critical to ensure continuity of services necessary for the runoff of the various estates in addition to the equitable recovery and distribution of comingled assets. The Receivers have entered into runoff agreements will all vendors who were necessary for the successful runoff of the estates. The agreements obligate the Receivers only for post receivership services. All pre-receivership obligations will not be owed by the receivership estates. An account has been established by the parties to prefund expenses to be paid in accordance with the predetermined distribution methodology. The SDR prefunded the account by contributing \$687,000.00 with the Oklahoma Receiver as administrator of the account. A refund was issued in the second quarter from the prefunded cost share account to the Nevada estate in the amount of \$575,000 as a result of modifications to the allocation methodology. Friday Health of Nevada's total distribution to the common vendors at the end of the fourth quarter totaled \$114,515.87 and earned \$1,340.64 in interest ending with a contribution amount due of \$1,175.23. Payments to the vendors will be allocated among each of the receivership estates and each estate will either owe its equal share of the amounts due certain vendors or will owe its percentage share of the fees based on metrics including number of insureds and claims. These metrics provide for the most cost-
