

Elisama recycle textile offers a large selection of textile products for any job at work or at home. As a textile recycling business, we can meet and exceed your needs nationwide.

INDUSTRIAL / SHOP RAGS

From wiping grease to surface prep, we'll help you find the specific durable, absorbent industrial shop rags you need to improve your processes and increase savings.

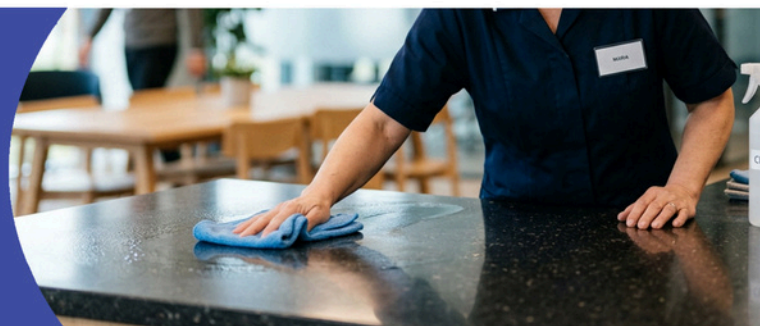

PAINT

Increase efficiency and reduce costs with a wide selection of terry cloth, huck towels, and cotton knits built for paint prep, application, and cleanup.

MICROFIBER

Popular for its versatility, microfiber is a lint-free, highly absorbent solution for rags and mops across a wide range of industries and applications.

RETAIL LINE

Great for store fronts, the Carolina Textiles retail line offers some of our most popular products in many convenient packaging types.
