

## **IDUSA 2026**

A global competition where students learn about and use artificial intelligence (AI) technology to solve real problems.

**July 2026 | New York**

### **IDUSA International Invention Competition & Artificial Intelligence Summer Camp**

The IDUSA International Invention Competition & Artificial Intelligence Summer Camp is a world-renowned international event hosted by the Youth Leaders Development Organization (YLDO) of the United States and co-organized with a number of top American universities and innovation institutions. It integrates AI education, international exchange, technological innovation and youth leadership development, and is committed to building an in-depth cooperation platform for young people around the world in the era of artificial intelligence.

We are inviting students and teachers to the United States to participate in the 2026 IDUSA International Invention Competition & Artificial Intelligence Summer Camp from July 17<sup>th</sup>, 2026 to July 27<sup>th</sup>, 2026.

They will come to New York to attend a 2-day 2026 IDUSA International Invention Competition. They will also visit Boston (MA) , New York City and Washington to visit the Harvard University, the Massachusetts Institute of Technology (MIT), Yale University and attend school technology seminars, artificial intelligence education and innovation lectures, and communicate with local students.

Welcome everyone to participate.

Sincerely,

Committee  
IDUSA International Invention Competition

The competition will be held in New York in July. The schedule is as follows, subject to the actual situation.
