Fengtai District, Beijing, China.

USA 20.03.2026

We are delighted to announce that the IDUSA International Invention Competition has officially established an exclusive partnership with Beijing Zhonghaiguorun Cultural Development Co., Ltd., which serves as the long-term exclusive partner of the competition in the Chinese market.

The IDUSA International Invention Competition & Artificial Intelligence Summer Camp is a world-renowned international event hosted by the Youth Leaders Development Organization (YLDO) of the United States and co-organized with a number of American universities and innovation institutions. Integrating AI education, international exchange, technological innovation and youth leaders development, it is committed to building an in-depth cooperation platform for Chinese and American young people in the era of artificial intelligence.

Beijing Zhonghaiguorun Cultural Development Co., Ltd. is the long-term exclusive partner for event promotion and participant selection of the IDUSA International Invention Competition in the Chinese region (mainland China, Hong Kong and Macao).
