

VISION

Sacramento County residents will thrive in a safe, healthy, and supportive community through coordinated efforts among county departments and local partners that provide equitable access to prevention, treatment, and behavioral health services.

MISSION

Safer Sacramento will advance community health and safety by uniting county agencies, behavioral health providers, schools, nonprofit partners, and residents in shared action. We will provide educational multimedia resources to help youth, families, and community members make healthy choices, seek support, and reduce harm.

GOALS

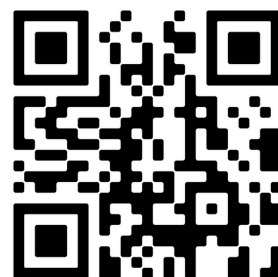

1. Blend science, creativity, and lived experience to promote behavioral health across Sacramento County.
2. Build strong, trusted partnerships with county departments and community organizations to create safer, healthier futures for all.
3. Promote equitable access to compassionate care, including prevention, intervention, and treatment services.
4. Empower individuals, families, and communities with clear, evidence-based education that supports informed, healthy choices around substance use and mental health.
