CONSTRUCTION MATCHMAKING

CONSTRUCTION-RELATED NAICS CODES

The City of Los Angeles utilizes the North American Industry Classification System (NAICS) to identify a firm's Area of Specialty or Expertise.

Matchmaking appointments will be based on the subcontractor's listed NAICS codes and the list of NAICS the prime or public agency wants to meet with.

NAICS codes are categorized in 4 levels from **general** to **most specific**:

<u>SECTOR</u>	A 2 digit number that indicates the general industry
<u>Subsector 1</u>	A 3 digit number that indicates a specific area within the Sector
<u>Subsector 2</u>	A 4 digit number that further specifies an area within Subsector 1
<u>Specialty</u>	A 6 digit number that indicates the Specialty, Expertise, or Service offered

Please identify the Specialty or 6 digit NAICS code from the tables below that reflects the specialty or expertise provided by your business.

For an in-depth description and illustrative examples of each NAICS code and assistance in locating appropriate codes please visit: <http://www.naics.com/search.htm>
