

**We start  
with a free,  
no-obligation  
visit to your practice**

Shine On-line and On-site

**You receive:**

- Professional photos & videos of your practice
- Facilities walk-through & condition report
- Digital marketing audit

**You keep the audit report, the photos and the videos whether or not you hire us.**

**Get started:**

*Contact us to schedule a visit*

[PrairieNavigator.com](http://PrairieNavigator.com)

**CALL**  
**402-699-1738**

**You became a veterinarian to care for animals — not to wrestle with websites or clinic upkeep. Prairie Navigator gets it.**

**We provide local, boots-on-the-ground support for busy veterinary practices in eastern Nebraska and western Iowa, handling your digital marketing and facilities management so you can focus on patients.**

**Shine On-line  
and On-site**

Shine On-line and On-site

## What we do

### ✓ Digital Marketing

*We boost your visibility and client engagement with:*

- AI search & Google Business optimization
- Website management & redesign
- Social media strategy & content
- Reputation and reviews management
- Email campaigns & digital ads

### ✓ Facilities Management

*We keep your clinic clean, safe, and welcoming with:*

- Certified cleaning services
- Preventive maintenance & repairs
- HVAC & safety systems oversight
- AAHA-informed standards

## Pricing: transparent, competitive, and tailored to your needs

*a full pricing guide is available on request*

- Use as many or as few of our services as your budget dictates
- No long-term contracts — month-to-month flexibility
- Cancel any time or save with a discounted annual plan
- Predictable flat-rate pricing — no surprise invoices

**You get full-service support for less than the cost of hiring staff or piecing together freelancers.**

### Local Veterinary Marketing & Facilities

We're a hands-on partner in Omaha and surrounding communities. We visit your clinic in person — taking professional photos/video and doing a facility check-up — then deliver a clear marketing audit and tailored action plan.

### Digital Marketing

Increase your clinic's visibility with a comprehensive strategy. This includes AI search optimization (so neighbors find you), social media management, targeted ads, email campaigns, website design or management, and reputation management. All strategies are customized for your clinic's needs.

### Facilities Management

Ensure a spotless, welcoming clinic every day. Our certified staff handles cleaning, maintenance, HVAC checks/repairs and more on your schedule (daily/weekly/monthly). A clean, well-maintained facility reflects your high-quality care and helps prevent staff burnout.

### Free Audit & Photoshoot

No obligation — we start with a FREE on-site visit. You get professional photos/video of your practice and a thorough facility walk-through, plus a detailed marketing assessment. You keep the images and the audit, no strings attached.

### Friendly, Flexible Service

No faceless agency here — we genuinely care about your success. We build a one-on-one relationship and become part of your team. We adhere to AAHA-recommended standards.
