

CG SEAFOOD GROUP

Global Seafood, Frozen Fish

WORLDWIDE IMPORT & EXPORT SINCE 2018

Our company

Specialized in international food trade. Our focus is the frozen fish trade.

Our extensive knowledge in these businesses and in diverse regions allows us to guarantee our commitment and seriousness in our operations.

The Cg Seafood Group was founded in 2018, born from the union of Cg Export with two other companies with over 20 years of experience in the frozen fish market, with a presence throughout China and Vietnam.

Our company has developed an active presence in international markets, and the growing global demand for products in European, South American, Asian, and African markets has allowed our global expansion.

We serve a broad market, offering and bidding on quality products according to our clients' needs.

We are able to provide an efficient and global service thanks to our commercial agreements throughout China, Vietnam, and South America.

Vision

Our vision is to be the leading global trading company in the food sector, ensuring commitment and quality in our operations, creating and maintaining long-term relationships with our clients.

Team

A highly experienced and talented team, with extensive experience in foreign trade, trained in sales and logistics, allows us to offer solutions to our clients through excellent service and a personalized approach.

Experienced local sales representatives in various countries and QC inspection at key origins.

Offices in the USA, China, Argentina, Ecuador, Brazil, Portugal, and Vietnam.

Mission

We are focused on understanding and predicting future trends in food markets, offering the best personalized and professional service in the food market, carefully monitoring the quality of the products we buy and sell, and providing an efficient and secure connection.

PANGASIUS
PANGASIUS HYPOPHTHALMUS

PANGASIUS

PANGASIUS – PREMIUM QUALITY FROM VIETNAM

Our Pangasius is sourced from leading producers in Vietnam, known worldwide for their advanced aquaculture standards and consistent export quality.

With its mild flavor, smooth texture, and excellent yield, Pangasius is ideal for fillets, portions, and value-added processing. Reliable supply, competitive pricing, and strict quality control make it a top choice for global seafood markets.
