

**Do you think they are Democrats?
 Rob and Melany Mack express their commitment to democracy. This is their second display. Their first signs were stolen. Juno, the dog is guarding these signs.**

CLINTON COUNTY DEMOCRATIC PARTY

NEWSLETTER

ELECTION ISSUE

With the election only days away, we wanted to say a very heartfelt thank you to all who have canvassed your neighborhoods, made phone calls, mailed postcards, displayed yard signs, talked to friends and family, attended forums, donated funds, and countless other activities all designed to protect our democracy by electing experienced and proven candidates on November 8. We are confident these efforts will make a difference for Clinton County!

There is only one thing left to do – VOTE. Turn in your absentee ballot at your polling place. Make your plan for Tuesday if you are voting in person. If you can help with one last push, reach out to a friend or family member to ensure they are voting too. We’ve included the Clinton County Democratic Party slate for your reference with full confidence that every candidate has earned our recommendation because of their stance on important issues and commitment to the people of Clinton County.

This email has some great messages about why your vote matters. As Melany Mack shares, [this election comes down to character](#), and we need to stand with those whose character will carry Clinton County forward. County Commissioner candidate John Andrews reminds us that Republican candidates have shown us their character repeatedly and electing them on Tuesday will only deepen the divide we face.

We must do better, and we must participate in this election. Not voting is also a choice, one that we cannot afford to make. Please reach out if you have any questions leading up to Tuesday. There is a contact form on our website (clintoncodems.org) or you can call or text 517-512-9555.

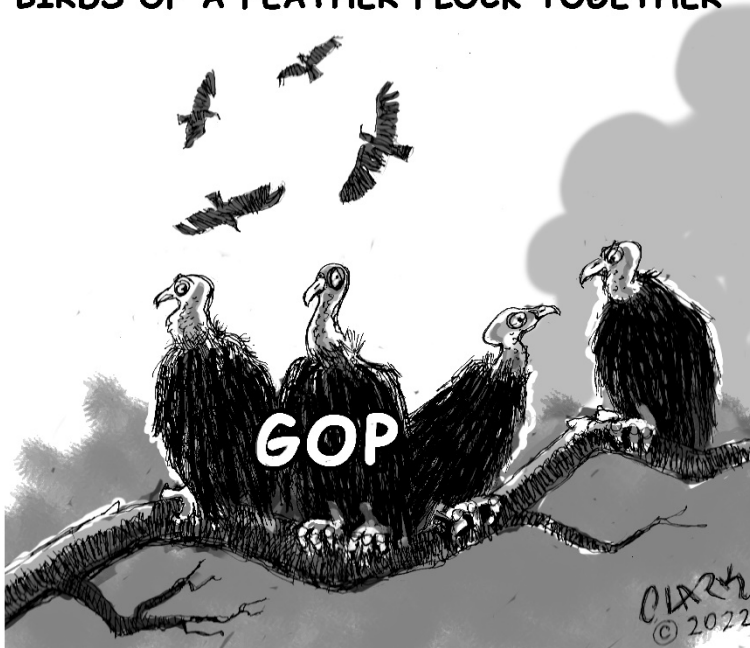

Thank you for your efforts and thank you for your vote!

When Republicans say they are going to do something...believe them!

Here are just a few of the radical plans the Republicans will initiate if they gain control of the Senate and House of Representatives.

BIRDS OF A FEATHER FLOCK TOGETHER

DEMOCRACY IS ON THE MENU

Sunsetting Social Security and Medicare

In his 12-point plan to Rescue America, Rick Scott proposes to sunset all federal legislation every five years which will require the Senate and Congress to vote to either keep or absolve Social Security, Medicare, CHIP, Medicaid, Veterans Benefits, and the Affordable Care Act.

Medicare Drug Prices

Republicans plan to end Medicare's new ability to negotiate lower drug prices costing seniors more money.

Reproductive Rights

Republican Lindsey Graham has already introduced federal legislation to outlaw most abortions after 15 weeks. Other reproductive rights will also be on the table including contraception, Plan B (the morning after pill), and in vitro fertilization..

Marriage Equality

Justice Thomas, in his majority opinion for *Dodd v Jackson*, wrote that overturning Marriage Equality should be considered.

Suppressing Voter Rights

Soon the Supreme Court will hear a radical idea called Independent State Legislature Theory that would give state legislatures wide authority to gerrymander electoral maps, install voter suppression laws, and even political cover to overturn elections. The legislature would have the ability to declare the winner of any election, regardless of how votes were cast.

Aid to Ukraine

Republicans are already talking about cutting military aid to Ukraine.

Climate Change

Republicans promise to undo all Climate Change legislation.
