

Greetings!

2023 was a reset year for the ministry. In 2022, Our “Exploring Possibilities” mission trip and the partnership with Grace Church of Perry provided new and refreshing possibilities for us. However, our mission remains the same as the day we started in 2013:

To help the people in impoverished areas of Choluteca, Honduras to become mentally, physically, and spiritually prepared to meet the world’s challenges through Pre-primary, Primary, and Secondary education opportunities so they can become fruitful members in their community with a vision for their future.

Together and with the Lord’s help, we met our goals of providing Pastors Fidel and Aracely with financial assistance to meet their basic ministry needs. We provided hope through the gift of education to fifty-two children in kindergarten through 12th grade. And we sent a mission team to provide basic medical and spiritual support to over 300 adults and children in the church and surrounding communities.

2023

Again, we seek to remain faithful to the mission the Lord has provided. Our goals are to:

- Maintain and enhance the partnership between the Way and the Truth Ministry, Grace Church of Perry, and El Camino y La Verdad.
- Provide funding to meet the needs of our pastors.
- Provide hope the gift of education to one hundred children.
- Send a mission team in August of this year.

2024

We have seen God’s hand at work in many lives in each of the communities we serve, and He has been faithful as He has blessed each of us to be a blessing. Many people have come to know the Lord as their savior, put their trust in him, have been baptized, and are continued to be fed. Marriages have been repaired and men, women and children have been healed physically, emotionally, and spiritually. Our missionaries have seen first-hand the struggles of a third world country, but have also seen the unending love the people have for the Lord.

THANK YOU!

Blessings,

Brian, Steve, and Donna
