2008 Healing Water Mission

OUR MISSION FIELD

1. Choluloteca is a fertile mission field. Evidence of Christianity is everywhere, but there are many hardships in both spiritual and daily life.
2. Our presence and our ministry activities generate excitement. Every action we take while there helps their church leadership minister effectively both spiritually and economically to their community.
3. In just a week, we can affect their lives in a lasting way.
4. And as well, our lives can be impacted in a lasting way.

PURPOSE OF OUR MISSION TEAM

1. To give you the opportunity and joy of participating fully in the high calling of Matthew 28:19, “Go you therefore, and teach all nations, baptizing them in the name of the Father, and of the Son, and of the Holy Spirit.”
2. To grow in the grace and knowledge of our Lord Jesus Christ while helping others of different cultures.
3. To return home a more dedicated Christian witness in our community, sharing with others the news of what Christ has done on our trip.
4. To encourage others to greater involvement in the overall work of missions.

PASTOR FIDEL AND PASTORA ARACELY

To get away from work, friends and all our daily activities is not easy, but when we have this meeting with our LORD, this becomes a wonderful experience.

When you start to open yourself and start to feel His presence, our LORD starts to whisper in your ear and it is so easy to understand HIM because there is nothing around you to disturb you.

It is not easy to explain to others, because all this is just personal experience.

“Come and have your own experience!”
