Sample Letter of Support

To: Commissioner Vowell and Commissioner Isbel

Dear Commissioners,

I am a resident of the New River community, living at _____.

I am writing to express my support for the proposed Rails to Trails project.

This project would allow local residents to have more control over how the corridor is developed and managed. It would also help address ongoing problems such as unauthorized ATV use and noise, while providing a safe, scenic place for walking, biking, and enjoying the beauty of the New River area.

I believe this project represents an opportunity to preserve our community's history, protect the landscape, and create new opportunities for employment, recreation and tourism that benefit local residents.

Thank you for your consideration.

Sincerely,

Your Name
