About Ekaksh International

Your Stevia Export Partner

Stevia in multiple formats: dried leaves, high-purity extracts, and consumer-ready variants.

Lot-wise COA + Technical Data Sheet (TDS) shared before dispatch.

Transparent packing options, shelf-life guidance, and export documentation support.

Fast sampling and responsive pre-shipment communication.

Why Buyers Choose Stevia

Zero-calorie
sweetness

Great for
beverages & RTD

Plant-based &
consumer-friendly

Clean taste with
right grade

Typical use-cases we support

Green tea &
herbal infusions

CTC tea
blends

Sugar-free syrups
and drops

Bakery and confectionery
sweetening systems

Nutraceutical blends and
functional beverages

Stevia Product Range

Formats designed for B2B ingredients and finished consumer packs.

Dried Leaves

Food-grade dried stevia leaves for infusions and extraction.

Extract Powder

High-intensity sweetener powder for formulations.

Liquid Drops

Convenient liquid format for beverage and consumer applications.

Stevia Teas

Stevia-based green tea & CTC tea blends (incl. variants).

Dried Stevia Leaves

A clean, natural input for teas and infusions.

TDS Snapshot (format)

Values are finalized per lot and shared in the COA / TDS before dispatch.

Parameter	Typical Range	Method
Appearance	Green dried leaves	Visual
Moisture	< 12%	LOD
Foreign matter	As per spec	Sieve / Visual
Microbiology	Within limits	ISO methods
Pesticide residues	As per buyer market	GC/MS
Packing	Food-grade bags	—
Shelf life	As per pack & storage	—

Stevia Extract Powder (Green & White)

Clean sweetness for beverages, foods, and blends.

TDS Snapshot (example structure)

Ask us for the exact COA/TDS for your target grade (e.g., Reb A / Reb M) and destination market.

Parameter	Specification	Method
Appearance	White to off-white powder	Visual
Assay (glycosides)	As per grade	HPLC
Loss on drying	< 6%	LOD
Ash	< 1%	Gravimetric
pH (1% soln.)	4.5 – 7.0	pH meter
Heavy metals	Within limits	ICP-MS / AAS
Microbiology	Within limits	ISO methods

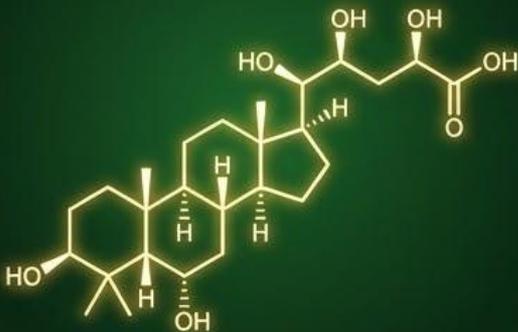

TECHNICAL DATA SHEET (TDS)

Verified Technical Specifications for Rebaudioside-A 97%

Rebaudioside A

Formula: $C_{44}H_{70}O_{23}$

	Specification Item	Standard Benchmark	Method
	Identification (Reb-A)	Positive for Glycosides	HPLC Analysis
	Assay (Rebaudioside A)	Min 97.0% (Dry Basis)	JECFA Standard
	Loss on Drying	< 6.0%	Vacuum Oven
	Specific Rotation	-30° to -38°	Polarimetry
	pH (1% Solution)	4.5 - 7.0	pH Meter
	Mesh Size	100% through 80 Mesh	Sieve Analysis

Stevia Liquid Drops

Convenient dosing for beverages, retail, and private label.

What we align on

-  Sweetness strength & serving size
-  Carrier / solvent system as per requirement
-  Flavor neutrality (or flavored variants)
-  Bottle size, label, and carton pack
-  Regulatory documents needed for import

Stevia-based Teas

Green tea and CTC tea blends sweetened with stevia

Green Tea

CTC Tea

Customization options

-  Sweetness level (stevia dose)
-  Blends: Mint, Ginger, Lemon, Masala, Hibiscus, Rose, Jasmine, Moringa, Tulsi
-  Tea cut / grade and aroma profile
-  Tea bags or loose packs
-  Private label & retail-ready cartons

COA & TDS – What You Receive

Documentation designed to simplify QC checks and import clearance.

Every shipment can include

-  Lot-wise Certificate of Analysis (COA)
-  Technical Data Sheet (TDS)
-  Packing list & commercial invoice
-  Country-of-origin & HS codes guidance
-  Optional: allergen / GMO / MSDS declarations (as required)

Sample COA Layout (Illustrative)

This is the structure buyers typically review. Final values are lot-specific.

Certificate of Analysis (COA) – Example

Product: Stevia Extract Powder | **Lot:** XXXXX | **Mfg:** DD-MMM-YYYY | **Exp:** DD-MMM-YYYY

Test	Specification	Result	Method
Assay / Purity	As per grade	✓ Complies	HPLC
Loss on drying	< 6%	✓ Complies	LOD
Ash	< 1%	✓ Complies	Gravimetric
Heavy metals (Pb/As/Cd/Hg)	Within limits	✓ Complies	ICP-MS / AAS
Total plate count	Within limits	✓ Complies	ISO
Yeast & mold	Within limits	✓ Complies	ISO
E. coli / Salmonella	Absent	✓ Complies	ISO

Note: Replace placeholders with your lot-wise COA results (we share these before shipment).

CERTIFICATE OF ANALYSIS (COA) – Example

Microbial and Safety Benchmarks for Global Compliance

Certificate of Analysis (COA) – Example

Product: Stevia Extract Powder | **Lot:** XXXXX | **Mfg:** DD-MMM-YYYY | **Exp:** DD-MMM-YYYY

Test	Specification	Result	Method
Assay / Purity	As per grade	✓ Complies	HPLC
Loss on drying	< 6%	✓ Complies	LOD

*Individual batch reports provided with every shipment.

Packaging & Logistics

Designed for clean storage, stable shelf-life, and efficient shipping.

Typical export flow

Sampling → approval →
production allocation

Pre-shipment COA/TDS share
for QC review

Food-grade packing
(bags / cartons / bottles)

Palletization + fumigation
(if required)

Sea / air dispatch with
export documents
