This Market is a outstanding opportunity for you to continue to serve the Fountain Hills community and beyond. This is the best location we have ever had for this event with direct drive-by traffic off of Shea and the Beeline! Last year we sold over 250-300 dozen ears of corn per market specializing in the Freshest sweet corn out of Mesa. The Peach Market has grown to be a spectacular one of a kind event, selling on average 3000 lbs of Peaches per week! Delicious Peaches are hard to find in AZ. Plus as a vendor we ask you to try to make a specialty Peach Product that features these amazing Peaches!
