

WHY LEARN MUSIC

- Music is a fulfilling lifelong activity!
- Music is a great social bonding experience! 
- Learning instruments and how to read music is fun!
- Music teaches social skills like patience, cooperation, empathy and perseverance!
- Music helps students develop other skills quicker, like motor skills, critical thinking, reading, math and learning languages!
- Learn about cool topics like music history, music theory, composing, song writing and conducting!
- Learning music in a group is a special life experience and teaches appreciation of diverse cultures!
- Music performances and practicing at home is a great way for families to bond over something new!
