Re: Subaccount Creation/Allocation Request: Andrews Endowment

Dear Mr. Wenick:

Please accept this correspondence as a request to create a sub-account within the Endowment Fund to accommodate for annual disbursements from the Andrews Endowment in order to help facilitate land acquisition on behalf of Mill Creek MetroParks. This sub-account will allow the MetroParks to have an up to date understanding of funding available for land acquisition negotiations. This request is for 5% of the ending fund balance as of December 31 for the years 2022, 2023 & 2024, as noted below due to the fact that annual disbursements were not previously requested during those years.

The ending fund balance as of 12-31-2022 was \$750,795.26. Five percent (5%) is \$37,539.76.
The ending fund balance as of 12-31-2023 was \$869,788.83. Five percent (5%) is \$43,489.44.
The ending fund balance as of 12-31-2024 was \$966,855.20. Five percent (5%) is \$48,342.76.

The total request equates to \$129,371.96.

Please feel free to contact me with any comments, questions or concerns regarding the request.

Sincerely,

A.C. Young

Aaron C. Young, PLA, ASLA, CLARB
Executive Director
